Analytics Phil Simon, 2017-07-05 For years organizations have struggled to make sense out of their data IT projects designed to provide employees with dashboards KPIs and business intelligence tools often take a year or more to reach the finish line if they get there at all This has always been a problem Today though it's downright unacceptable The world changes faster than ever Speed has never been more important By adhering to antiquated methods firms lose the ability to see nascent trends and act upon them until it's too late But what if the process of turning raw data into meaningful insights didn't have to be so painful time consuming and frustrating What if there were a better way to do analytics Fortunately you're in luck Analytics The Agile Way is the eighth book from award winning author and Arizona State University professor Phil Simon Analytics The Agile Way demonstrates how progressive organizations such as Google Nextdoor and others approach analytics in a fundamentally different way They are applying the same Agile techniques that software developers have employed for years They have replaced large batches in favor of smaller ones and their results will astonish you Through a series of case studies and examples Analytics The Agile Way demonstrates the benefits of this new analytics mind set superior access to information quicker insights and the ability to spot trends far ahead of your competitors

Pivoting and Producing for Online TV Alexa Scarlata, 2025-05-02 The introduction and diffusion of international subscription video on demand SVOD services in the 2010s represented the most significant disruption of established national broadcast and pay TV ecologies in their long history Using an in depth Australian case study this book narrates this profound period of proliferation It also considers how incumbent commercial networks pay TV providers and public service broadcasters developed into online TV providers albeit in assorted ways In so doing it conceives of the early impact of online TV 2015 2020 more broadly and acknowledges the role of both new and old TV players The industry wide shift towards online TV over this period also impacted existing television drama production cultures SVOD services provided a fruitful avenue for

the distribution of existing archives and slowly began to support the production of new Australian content with an increasingly global focus. However, the formal arrival of online TV certainly did not usher in the boom in original local television drama many anticipated. *Pivoting and Producing for Online TV: Australia's Transition* advances the macro analysis of television production strategies. This book will be useful to students and researchers interested in media, film, and cultural studies.

On Story—The Golden Ages of Television Austin Film Festival, 2018-10-03. *On Story* is film school in a box: a lifetime's worth of filmmaking knowledge squeezed into half-hour packages. Kenneth Turan, film critic for the Los Angeles Times, says the Austin Film Festival (AFF) is the first organization to focus on writers' creative contributions to film and television. Its annual Film Festival and Conference offers screenings, panels, workshops, and roundtable discussions that help new writers and filmmakers connect with mentors and gain advice and insight from masters, as well as reinvigorate veterans with new ideas. To extend the Festival's reach, AFF produces *On Story*, a television series currently airing on PBS-affiliated stations and streaming online that presents high-caliber artists talking candidly and provocatively about the art and craft of screenwriting and filmmaking, often using examples from their own work. *On Story: The Golden Ages of Television* explores the transformation of television's narrative content over the past several decades through interviews with some of TV's best creators and writers, including Garry Shandling, *The Larry Sanders Show*, Carl Reiner, *The Dick Van Dyke Show*, Issa Rae, *Insecure*, Vince Gilligan, *Breaking Bad*, Greg Daniels, *The Office*, Paula Pell, *Saturday Night Live*, Noah Hawley, *Fargo*, Liz Meriwether, *New Girl*, David Chase, *The Sopranos*, Alan Yang, *Master of None*, Marta Kauffman, *Friends*, Jenji Kohan, *Orange Is the New Black*, and many more. Their insights behind the scenes look at the creative process, production, audience responses, and reactions, and observations on how both TV narratives and the industry have changed. This book is ideal for TV lovers, pop culture fans, students taking screenwriting courses, and filmmakers and writers seeking information and inspiration.

How Terribly Strange Indeed Roy Wepner, 2022-06-09. *HOW TERRIBLY STRANGE INDEED* *Seventy Is More Than Just a Number* takes a deep dive into a single line in a 1968 song by Simon & Garfunkel: "Some of the best moments that last for hours, pants that are suddenly too long, the loss of a single step or more, and being a high-risk senior during a pandemic." Wepner also examines some strangely wonderful things about being in one's 70s, such as the realization that nostalgia is even better than it used to be, the epiphany that boredom is preventable and curable, the growth in perspective that compensates for some loss of memory, the confirmation that old dogs really can learn new tricks, and, of course, grandchildren. This first-person narrative of life in one's 70s will provide insight to not only those who have crossed the 70-year threshold but also those who plan to do so, as well as millennials and members of Generation X who have not yet given up on figuring out their parents.

Other Americans Matthew Bush, 2022-10-04. *Grounded in perspectives of affect theory*, *Other Americans* examines the writings of Roberto Bolaño and Daniel Alarcón, films by Alfonso Cuarón, Claudia Llosa, Matt Piedmont, and Joel and Ethan Coen, as well as the Netflix series *Narcos* and *El marginal*. These widely consumed works about Latin America are equally balanced between

narratives produced in the United States and in the region itself are laden with fear anxiety and shame which has an impact that exceeds the experience of reception The negative feelings encoded in visions of Latin America become common coinage for US audiences shaping their ideological relationship with the region and performing an affective interpellation By analyzing the underlying melodramatic structures of these works that would portray Latin America as an implicit other Bush examines a process of affective comprehension that foments an us them or north south binary in the reception of Latin America s globalized art

Terribly Important! Leon Paul,2021-04-01 In Terribly Important six former fellow students have to fight after their carefree and spoiled student years in the tough job market for their daily existence Nobody wants to fall by the wayside everybody is mercilessly willed to win the game of love money appeal power and popularity But none of them wants to pay the price for this Technologies and apps fuel the vicious circle from which there is for the sextet no escape Trust gets exploited friends get manipulated connections hardly get established and back down again get disconnected All of them want more and find it in services consumption and ways out Dating drugs party and the restless search

The Market Loves You Jeffrey A. Tucker,2019-05-13 The marketplace is commonly described as brutish greed based cutthroat or unrelentingly exploitative The Market Loves You Jeffrey Tucker s latest collection of evocative observations of everyday products services and life in the market rejects this characterization He argues that benevolence characterizes trading relationships entrepreneurship work contracts and the effects of decisions by market players These are a civilizing evenly lovely institutions that embed complex human relationships that extend all over the world involving potentially billions of people Every unforced decision to trade

represents a spark of insight a hope for a better future and the instantiation of a human relationship that affirms the dignity of everyone involved he writes Sometimes that relationship is personal it is even more awesome to consider the enormously complex impersonal relationships that make up the vast global networks of exchange that make our lives wonderful We take the results for granted because they are so much part of our daily experience If they suddenly went missing any aspect of what we depend on to live a better life we would experience demoralization and even devastation The lights go out The gas stations close The shelves are empty The doctors run out of medicine There is no one to fix the plumbing no one to repair the heater no one to do the surgery on my heart This is a world that is less lovely than the world of plenty we've come to expect The institutional setting in which human relationships become real in our lives is the market This does not entail reducing human life to dollars and cents It is about the recognition that our value as human beings is bound up with our associations with others our trading relationships and the opportunities we have to value and be valued by others Looked at this way the moral aesthetic of the market is lovely It fosters love It needs love Economics love and life these are all the same topic in the creative intelligence of Jeffrey Tucker His writing sweeps you into a world of beautiful stories about the material world infused with his gift for seeing the underlying human element in every exchange as well as the brutality of the political means of social control His new hymn to market forces brings what economics too often lacks a vivid celebration of life and love as real human beings experience it To see the world as Tucker does is a gift that few writers in economics have ever possessed Helio Beltr o President Mises Institute Brazil If you want to understand the plain sense of real economics as against the fairy tales of fake economics Tucker is your main man In scores of charming little essays free of pomp or pretense he brings you to understand how a free people can live without coercion He's a liberal 2.0 a sweet egalitarian a generous open hearted spirit yet realistic and tough minded too Deirdre McCloskey University of Illinois at Chicago Jeffrey Tucker is always a delight to read because he understands and appreciates the market's invisible heart as well as its invisible hand Art Carden Samford University Jeffrey Tucker writes with a rare mix of economic understanding historical awareness philosophical depth and unaffected humanity And oh also on display in these pages is a fearlessness in going to wherever the logic of his reasoning brings him I learned something important from each of the 91 essays collected here Donald Boudreaux George Mason University The American Institute for Economic Research in Great Barrington Massachusetts was founded in 1933 as the first independent voice for sound economics in the United States Today it publishes ongoing research hosts educational programs publishes books sponsors interns and scholars and is home to the world renowned Bastiat Society and the highly respected Sound Money Project The American Institute for Economic Research is a 501c3 public charity [Hollywood Dealmaking](#) Dina Appleton, Daniel Yankelevits, 2025-01-14 This book is a must have resource for anyone looking to break into Hollywood or seasoned veterans who need a quick reference guide Matt Belloni Puck founding partner and host of The Town The legal resources of studios and networks are legendary often intimidating independent producers writers actors directors

Investigating Stranger Things Tracey Mollet, Lindsey Scott, 2021-05-18 This edited collection explores the narrative genre nostalgia and fandoms of the phenomenally successful Netflix original series Stranger Things The book brings together scholars in the fields of media humanities communications and cultural studies to consider the various ways in which the Duffer Brothers show both challenges and confirms pre conceived notions of cult media Through its three sections on texts contexts and receptions the collection examines all aspects of the series presence in popular culture engaging in debates surrounding cult horror teen drama fan practices and contemporary anxieties in the era of Trump Its chapters seek to address relatively neglected areas of scholarship in the realm of cult media such as set design fashion and the immersive Secret Cinema Experience These discussions also serve to demonstrate how cult texts are facilitated by the new age of television where notions of medium specificity are fundamentally transformed and streaming platforms open up shows to extensive analysis in the now mainstream world of cult entertainment

Fernsehserien im medienkulturellen Wandel Jana Zündel, 2022-07-28 Jana Zündel untersucht in ihrer Dissertation an TV und Streaming Serien sowie an deren Paratexten Recap Vorspann und Abspann den Transformationsprozess des Fernsehens Anhand der Ausdifferenzierung von Serien im Zeitalter von Pay TV DVD Boxen und Video on Demand beschreibt sie die

konomische und institutionelle Diversifikation des Mediums insgesamt Die Studie bereichert in ihrer Perspektivierung und Vorgehensweise den gegenwärtigen Stand der Forschung zu Fernsehen und Streaming Sie hinterfragt nicht allein ob Serien die auf Plattformen wie Netflix zirkulieren überhaupt noch Fernsehen sind Sie zeigt auch auf wie Fernsehen im Zuge seiner geänderten Nutzungsformen einen grundsätzlichen Wandel durchläuft an dessen Ende ein Hybridmedium steht für das wir einen neuen Begriff brauchen
