

Atelier

STELLA CRENS is named after a little studio behind my childhood home in northwestern France, where my father used to paint pictures inspired by the natural world around us as I bring him unexpected landscapes in still life of the food grown on our family's farm. We called his studio "Studio Papa Crenn," and it was a haven to me as a child who often felt out of sync with the mainstream culture. While my father passed, he shared with me a love of art that continues to this day, more than 40 years after we last met, and he inspired me to become an artist myself. My father always encouraged my painting, writing, and cooking as equally valid creative endeavors, so when I opened my first restaurant in 2011, I wanted it to be a testament to the values that he instilled in me. Doing his paintings on the wall, seeing my mother as patron, and doing my inspiration from nature.

In French, the word "atelier" can be used to refer to artists' studios or an artist's workshop, and I like the way that it celebrates the connection between art and everyday in the culinary world. When I first started cooking, it might have been largely for a chef or those to make me, but these days, I have noticed a growing interest that food can be a medium for artistic expression. I recently read about a study in which subjects placed in taste spheres of paintings by Barbara painter Mandy Kander did not find it to be more delicious than the same ingredients presented in a random hedgehog, and this reinforced my intuition that the visual aspect of food plays an important role. But it's deeper than a simple matter of making the food look pretty—after all, Kander's compositions are challengingly intricate, dramatic, and even described as dangerous—it's about creating and communicating an intention, a feeling, a memory, so in this it may sound reminiscent to talk about cooking with love. But the truth is, food can reach us in the same way as a poem, a painting, or a song if we open ourselves to receiving its meaning.

Gastronomy in the US Thérèse Migraine-George, 2025-03-03 This book focuses on the re-invention of French food in the US probing the intricate transatlantic dynamics underlying notions of cooking and eating French By looking at French gastronomy as both a symbolic formation and an exclusionary practice closely tied to power class and race this book re-centers histories that have been marginalized in traditional narratives of French gastronomy Rather than focusing on food itself this book explores transatlantic foodways and the complex and changing nexus of historical socioeconomic cultural political and ideological routes and trajectories both real and imaginary that have connected France and the US around a range of gastronomical practices and representations Foregrounding the gastronationalism that subtends the idea of eating French in the US this book also looks at how a diverse group of contemporary chefs is working to deconstruct stereotypical and constrictive representations of French food and to create new cuisines that are in turn more inviting inclusive hospitable and convivial as well as more globally sustainable Exploring the transatlantic relation between France and the US through the lens of food offers a significant point of entry into the ways in which imagined gastronomies reflect imagined communities past present and future in an ever globalizing world This book will be of great interest to students and scholars from a wide range of interdisciplinary fields of study including food studies global French and Francophone studies cultural studies media studies Black African American studies history and ethnography *Millennial Cervantes* Bruce R.

Cuisine Ein Buch voller Erfolgsgeheimnisse abgerundet mit konkreten Tipps zum Kochen Rebel Chef Dominique Crenn, Emma Brockes, 2020-06-09 The inspiring and deeply personal memoir from highly acclaimed chef Dominique Crenn By the time Dominique Crenn decided to become a chef at the age of twenty one she knew it was a near impossible dream in France where almost all restaurant kitchens were run by men So she left her home and everything she knew to move to San Francisco where she would train under the legendary Jeremiah Tower Almost thirty years later Crenn was awarded three Michelin Stars in 2018 for her influential restaurant Atelier Crenn and became the first female chef in the United States to receive this honor no small feat for someone who hadn't gone to culinary school or been formally trained In Rebel Chef Crenn tells of her untraditional coming of age as a chef beginning with her childhood in Versailles where she was emboldened by her parents to be curious and independent But there is another reason Crenn has always felt free to pursue her own unconventional course Adopted as a toddler she didn't resemble her parents or even look traditionally French Growing up she often felt like an outsider and was haunted by a past she knew nothing about But after years of working to fill this blank space Crenn has embraced the power her history gives her to be whoever she wants to be Here is a disarmingly honest and revealing look at one woman's evolution from a daring young chef to a respected activist Reflecting on the years she spent working in the male centric world of professional kitchens Crenn tracks her career from struggling cook to running one of the world's most acclaimed restaurants while at the same time speaking out on restaurant culture sexism immigration and climate change At once a tale of personal discovery and a tribute to unrelenting determination Rebel Chef is the story of one woman making a place for herself in the kitchen and in the world **Cocina creativa y de autor** DÍAZ GARCÍA,
