Confessions of a Contemplative Crossing Guard Robert J. Eisen,2024-06-04 This book is intended to help manage the messiness of adulthood Serving as a crossing guard at a local elementary school the author found himself moved and inspired by the experiences and encounters that greeted him each and every day This book is a record of his reflections on those moments and how they led him to a deeper understanding of the concise ambiguity of what it means to be an adult He watched his charges and wondered not Why did the chicken cross the road but rather What are all these chickens going to do once they get there Life is an effort to cross the road and we do so every day Now that we are there what and how are we going to do so that our lives are more than long Using especially his experience as a pulpit rabbi for over four decades the

author offers answers to those questions that can help everyone put one foot in front of the other and move forward confidently once the crossing guard says that it is okay to go

A History of the English Baptists A.D.45-A.D.1700
Joseph Ivimey,2015-09-25 The English Baptists were the first persons who understood the important doctrine of Christian liberty and who zealously opposed all persecution for the sake of conscience A large proportion of their churches were averse to all interference with political matters during the convulsive period of the civil wars It is however to be lamented that some of them during that period confounded the power of the magistrate with the government of that kingdom which is not of this world The sufferings which have been endured by the English Baptists on account of their religious principles give them a claim to the gratitude of every true lover of liberty and of his country To them may be applied with peculiar propriety what the historian Hume says of the Puritans in general By whom the precious spark of liberty was kindled and preserved It is not too much to say that their history has never been fairly given Influenced by prejudice many of our historians have either kept them out of sight or have exhibited them to public ridicule and contempt
