30 YEARS LATER

At The High School Reunion

George A. Barnett

At The High School Reunion:

High School Reunion: You Can Go Home Again Louise Hathaway, How many of you go to your high school reunions hoping to see the one who got away That s what this PG rated romance novel is all about In this story Danielle a woman who has just turned 30 goes to her high school reunion hoping to see Sandy a tall redhead who had given her a poem he d written about her on their last day of school One of her biggest regrets is that she let him go away without telling him that she shares his feelings He s been impossible to locate so far but she s hoping that at tonight s reunion he will finally walk back into her life For the most part it is a true story about my husband I who met in high school and reconnected after some time had passed The people mentioned in it are real too we really did have a pimp Playboy centerfold and famous mystery writer in our class

My 50th Class Reunion from Grammar School Jack Archer,2012-09 I am an original baby boomer born in 1946 who attended a very strict Catholic Grammar School for nine years Parents back in the early 50 s not knowing or wanting to raise their own children made a decision to punish them into submission Understanding came from a B V M nun with a stern hand wielding a yardstick How did we survive and how did some of us turn out From Kindergarten when only six year old to thirteen we made it through the tension and anxiety of attending St Tarcissus Grammar School The experience was intended to teach us the correct way to conduct ourselves Do you think it made a lasting impression in the years ahead Education has come a long way Did those good Sisters know what they were doing Did our parents play a bigger role in our up bringing Some of my conclusions actually make sense The hard truth is history Our working careers are over From the craziness of those grammar school years comes our final report card All of us from that graduating class of 1960 are now senior citizens Let s find out just what happened Planning this reunion took six months and made me think about my whole life It made me realize that life is a struggle but happiness can be achieved if you work at it My other committee member who was supposed to help me gave me a migraine Would this reunion be a success or a bust It was all on my shoulders To be sure it is funny thought provoking and I assure you 100% true

A Room Full of Mirrors Keiko Ikeda,1998 Drawing on candid personal narratives derived from reunions ranging from the fifth to the fiftieth this pathbreaking book demonstrates that for many Americans the high school reunion is a rich poignant experience and a dramatic moment in the construction of self and meaning in adulthood

After Pomp and Circumstance Vered Vinitzky-Seroussi, 1998-06-08 Menacing nerve racking uncomfortably intrusive the high school reunion has become a dreaded encounter with past and present for many Americans It is a moment of both heightened self awareness and public presentation insisting that we account for ourselves not merely to our own satisfaction but to the satisfaction of others as well For sociologist Vinitzky Seroussi the high school reunion presents an ideal forum in which to explore the ongoing construction of identity in American society and perhaps to ascertain just how we have managed to make sense of our lives from then to now As autobiographical occasions reunions prompt us to examine our own life narratives the stories we tell ourselves about who we are and how we have come to be that person But at the same time they can threaten the integrity of those very stories subjecting them to the scrutiny of others whose memories of the past and ourselves may be altogether different from our own Reunions then engender a fragile community held together by the resources of a shared past yet imperiled by the tensions of competing histories Inevitably for both those who attend and those who choose not to the reunion forces a kind of biographical confrontation an unavoidable and often pivotal engagement between a carefully constructed personal identity and the socially prevalent standards of success and accomplishment Though many see in today's culture the gradual demise of personal identity Vinitzky Seroussi's carefully researched study reveals something quite different After Pomp and Circumstance explores a struggle we all experience the desire to resolve the tension between public conceptions and internal understandings to maintain a sense of continuity between past and present lives and to lay claim to both an integrated self and a unified life history

A boyhood buddy tried flipping himself into a beanbag chair became a quadriplegic and a highly esteemed teacher June dueled cancer three times and pointedly told the author never to forget her Joel was a pubescent blowhard who became a helping hand to many before battling health crises Pat was a homecoming queen became a hospice nurse and overcame ambivalence about attending reunions before taking on cancer During teen years Chris seemed the most self assured but later revealed she had been in a fog DeeDee s husband an MS victim urged her to put him in a nursing home to ease her burden She refused This loveliest of widows kept on living and loving and at age 59 still could do cartwheels Fran proved unstoppable during a daunting journey from college mascot to career success Poh Hong put aside doubts by family and friends and flew half way around the world to attend a reunion John was a college football player became a minister accepted strangers into his prayer circle and dealt with his own heartaches Then there was Jim who persuaded the author to attend his first reunion and later showed remarkable mettle amid dire circumstances Reunions can be powerful High school college and graduate school class reunions as well as one on one reconnections in distant locations can whisper strong messages teach lasting lessons and tell us much about the resilience of the human spirit Princeton Alumni Weekly ,1924 **Standing in the Shadows of Street Legends** Vernon Lucas,2010-06-01 I have heard it said that we all shall pay for the sins of the father Someone once told me that when the next generation has it rough its because they are reaping what the generation before them has sowed This is what Creole people would call Blood Magic in the Basement or so Ive been told I am Vernon Lucas II and my father was a kingpin in the heroin drug trade I cant say that my adult life has been easy but at least as a child I never really wanted for anything Ive been told that since my family has helped to poison many people in America with illegal drugs that I was cursed to suffer in my adult life for their sins I almost believed that for a time I felt very restless in my adult life and very few goals that I set for myself ever worked out for me I felt ashamed and even embarrassed by my family until I began to research the reasons why they did what they did in the first place My father and his brothers came from very humble beginnings His mother my Grandmother was a field hand housewife and her husband my Grandfather was a share cropper as well as a bootlegger They lived loved and struggled in the segregated south of the early 1900s There have been rumors about how mean my Grandfather was but by the time I had to live with him he was much kinder and gentler My Fathers brother Frank Lucas was at least 20 years older than he was so it was natural for him to look up to my Uncle Frank as not only an older brother but also as somewhat of a Father figure Frank left home at a very early age to make his own way in life and turned to a life of crime out of necessity He became one of the best at what he did It was just a matter of time before my father eventually followed in his footsteps I am by no means condoning what they did in the 60s the chicken or the egg Meaning Was my lifes emotional instability inherited or was it caused by the way I had to live You be the judge I am hoping this autobiography serves some as a manual as well as entertainment through self education So in synopsis what Im trying to convey is that the Lucas family is so much more than this gangster image Back Yonder Marvin
