Athanasius And Constantius Theology And Politics In The Constantinian Empire:

Athanasius and Constantius Timothy David Barnes, 2001 Barnes's reconstruction of Athanasius's career analyzes the nature and extent of the Bishop's power especially as it intersected with imperial policies Untangling classic misconceptions Barnes reveals the Bishop's true role in the struggles within Christianity and in the relations between the Roman emperor and the Church at a critical juncture Athanasius and Constantius Timothy D. Barnes, 2004 **Constantine and the Christian Empire** Charles Odahl, 2010-07-02 Drawing on over a quarter of a century of the author's research and experience this book focuses on the man and his life for scholars students and those interested in Roman imperial early Christian and Byzantine imperial history It is illustrated with ninety two photographs and eight maps The Demonic in the Political Thought of Eusebius of Caesarea Hazel Johannessen, 2016 Through close literary analysis of the original Greek texts Hazel Johannessen explores how Eusebius of Caesarea c 260-339 used ideas about demons in his political thought **Political Memory and the Constantinian Dynasty** Rebecca Usherwood, 2022-03-21 This book is an exploration of political memory and disgrace in the reigns of Constantine and his sons It uses the conditions of the early to mid fourth century to argue that the deconstruction of political legitimacy should be viewed first and foremost as a collective phenomenon the result of the actions of a diverse range of people responding to political change It also challenges many positivist and teleological narratives of the Age of Constantine Shifting the focus from the emperor and his sons onto their rivals and opponents the Constantinian dynasty is placed back into the messy and ambiguous political environment from which it emerged

Dictionary of African Biography Emmanuel Kwaku Akyeampong, Professor Henry Louis Gates, Jr., 2012-02-02 From the Pharaohs to Fanon *Dictionary of African Biography* provides a comprehensive overview of the lives of the men and women who shaped Africa's history Unprecedented in scale DAB covers the whole continent from Tunisia to South Africa from Sierra Leone to Somalia It also encompasses the full scope of history from Queen Hatsheput of Egypt 1490-1468 BC and Hannibal the military commander and strategist of Carthage 243-183 BC to Kwame Nkrumah of Ghana 1909-1972 Miriam Makeba and Nelson Mandela of South Africa 1918 Power and Rhetoric in the Ecclesiastical Correspondence of Constantine the Great Andrew J. Pottenger, 2022-11-30 This volume closely examines patterns of rhetoric in surviving correspondence by the Roman emperor Constantine on conflicts among Christians that occurred during his reign primarily the Donatist schism and Arian controversy Commonly remembered as the first Christian emperor of the Roman Empire Constantine's rule sealed a momentous alliance between church and state for more than a millennium His well known involvement with Christianity led him to engage with two major disputes that divided his Christian subjects the Donatist schism centred from the emperor's perspective on determining the rightful bishop of Carthage and the so called Arian controversy a theological conflict about the proper understanding of the Son's divine nature in relation to that of the Father This book examines a number of letters associated with Constantine that directly address both of these disagreements exploring his point of view and motivations to

better understand how and why this emperor applied his power to internal church divisions Based on a close analysis of prominent themes and their functions in the rhetoric of his correspondence Pottenger argues that three doctrines of power served to inform and direct Constantine's use of power as he engaged with these problems of schism and heresy Power and Rhetoric in the Ecclesiastical Correspondence of Constantine the Great is of interest to students and scholars of early Christianity and the history of the later Roman Empire **The Church in the Age of Constantine** Johannes

Roldanus,2006-09-12 The Church in the Age of Constantine provides a refined theological screening of the doctrinal and ethical thinking during the fourth century Relating biblical essentials to ancient cosmology and anthropology Roldanus uses the concept of contextualisation to appreciate this process He makes clear that however much the winning positions were dependent on the interfering of the State the theological reflection went nevertheless its proper way conditioned as it was by various understandings of salvation in Christ There was a natural concern to relate salvation to the most important elements of the existing culture Providing models for reflection on inculturation this study helps students to focus on the essentials and to form and unprejudiced opinion on this crucial period of history **Arianism: Roman Heresy and Barbarian Creed**

Guido M. Berndt,2016-04-15 This is the first volume to attempt a comprehensive overview of the evolution of the Arian churches in the Roman world of Late Antiquity and their political importance in the late Roman kingdoms of the 5th 6th centuries ruled by barbarian warrior elites Bringing together researchers from the disciplines of theology history and archaeology and providing an extensive bibliography it constitutes a breakthrough in a field largely neglected in historical studies A polemical term coined by the Orthodox Church the side that prevailed in the Trinitarian disputes of the 4th century C E for its opponents in theology as well as in ecclesiastical politics Arianism has often been seen as too complicated to understand outside the group of theological specialists dealing with it and has therefore sometimes been ignored in historical studies The studies here offer an introduction to the subject grounded in the historical context then examine the adoption of Arian Christianity among the Gothic contingents of the Roman army and its subsequent diffusion in the barbarian kingdoms of the late Roman world *Arianism Revisited* Brendan Wolfe,Mattias Gassman,Oliver Langworthy,2025-06-10 The volume

gives a broad overview of ancient non Nicene theologies surveys key councils and events from before Nicaea until the final demise of institutional non Nicene Christianity in 589 and lays out both the historical background and the theological underpinnings of the thought of Arius himself and of his allies and their successors down to the repudiation of non Nicene Christianity by the Germanic kingdoms This content is organized around the contexts in which Arian thought is encountered differentiating doctrines across time and space while also demonstrating both intellectual and personal continuity *The Good Christian Ruler in the First Millennium* Philip Michael Forness,Alexandra Hasse-Ungeheuer,Hartmut

Leppin,2021-07-19 The late antique and early medieval Mediterranean was characterized by wide ranging cultural and linguistic diversity Yet under the influence of Christianity communities in the Mediterranean world were bound together by

common concepts of good rulership which were also shaped by Greco Roman Persian Caucasian and other traditions This collection of essays examines ideas of good Christian rulership and the debates surrounding them in diverse cultures and linguistic communities It grants special attention to communities on the periphery such as the Caucasus and Nubia and some essays examine non Christian concepts of good rulership to offer a comparative perspective As a whole the studies in this volume reveal not only the entanglement and affinity of communities around the Mediterranean but also areas of conflict among Christians and between Christians and other cultural traditions By gathering various specialized studies on the overarching question of good rulership this volume highlights the possibilities of placing research on classical antiquity and early medieval Europe into conversation with the study of eastern Christianity Stasis Jonathan Stutz ,2024-07-08

Episodes of collective violence have come to us in forms of texts that were designed in such a way as to manipulate the perception and emotional response of a specific audience Jonathan Stutz shows that for this reason early Christian narratives on religious violence have to be read against the background of ancient perceptions of violence and alongside ancient texts that aimed at legitimizing or de legitimizing the use of physical coercion **The Nicene Faith** John Behr, N this sequel to

The Way to Nicaea Fr John Behr turns his attention to the fourth century the era in which Christian theology was formulated as the Nicene faith the common heritage of most Christians to this day Engaging the best of modern scholarship Behr provides a series of original comprehensive and insightful sketches of theology of the key protagonists of the Nicene faith presenting a powerful vision of Christian theology centered upon Christ and his Passion *Imperial Ideology and Provincial Loyalty in the Roman Empire* Clifford Ando,2013-08-29 The Roman empire remains unique Although Rome claimed to rule the world it did not Rather its uniqueness stems from the culture it created and the loyalty it inspired across an area that stretched from the Tyne to the Euphrates Moreover the empire created this culture with a bureaucracy smaller than that of a typical late twentieth century research university In approaching this problem Clifford Ando does not ask the ever fashionable question Why did the Roman empire fall Rather he asks Why did the empire last so long Imperial Ideology and Provincial Loyalty in the Roman Empire argues that the longevity of the empire rested not on Roman military power but on a gradually realized consensus that Roman rule was justified This consensus was itself the product of a complex conversation between the central government and its far flung peripheries Ando investigates the mechanisms that sustained this conversation explores its contribution to the legitimation of Roman power and reveals as its product the provincial absorption of the forms and content of Roman political and legal discourse Throughout his sophisticated and subtle reading is informed by current thinking on social formation by theorists such as Max Weber J rgen Habermas and Pierre Bourdieu **The**

Cambridge Ancient History Peter Garnsey,Averil Cameron,1928 **Desert Christians** William Harmless,2004-06-17 In the fourth century the deserts of Egypt became the nerve center of a radical new movement what we now call monasticism Groups of Christians from illiterate peasants to learned intellectuals moved out to the wastelands beyond the Nile Valley and

in the famous words of Saint Athanasius made the desert a city In so doing they captured the imagination of the ancient world They forged techniques of prayer and asceticism of discipleship and spiritual direction that have remained central to Christianity ever since Seeking to map the soul's long journey to God and plot out the subtle vagaries of the human heart they created and inspired texts that became classics of Western spirituality These Desert Christians were also brilliant storytellers some of Christianity's finest This book introduces the literature of early monasticism It examines all the best known works including Athanasius Life of Antony the Lives of Pachomius and the so called Sayings of the Desert Fathers Later chapters focus on two pioneers of monastic theology Evagrius Ponticus the first great theoretician of Christian mysticism and John Cassian who brought Egyptian monasticism to the Latin West Along the way readers are introduced to path breaking discoveries to new texts and recent archeological finds that have revolutionized contemporary scholarship on monastic origins Included are fascinating snippets from papyri and from little known Coptic Syriac and Ethiopic texts Interspersed in each chapter are illustrations maps and diagrams that help readers sort through the key texts and the richly textured world of early monasticism Geared to a wide audience and written in clear jargon free prose Desert Christians offers the most comprehensive and accessible introduction to early monasticism The Early Coptic Papacy Stephen J.

Davis,2017-09-12 The Copts adherents of the Egyptian Orthodox Church today represent the largest Christian community in the Middle East and their presiding bishops have been accorded the title of pope since the third century AD This study analyzes the development of the Egyptian papacy from its origins to the rise of Islam How did the papal office in Egypt evolve as a social and religious institution during the first six and a half centuries AD How do the developments in the Alexandrian patriarchate reflect larger developments in the Egyptian church as a whole in its structures of authority and lines of communication as well as in its social and religious practices In addressing such questions Stephen J Davis examines a wide range of evidence letters sermons theological treatises and church histories as well as art artifacts and archaeological remains to discover what the patriarchs did as leaders how their leadership was represented in public discourses and how those representations definitively shaped Egyptian Christian identity in late antiquity The Early Coptic Papacy is Volume 1 of The Popes of Egypt A History of the Coptic Church and Its Patriarchs Also available Volume 2 The Coptic Papacy in Islamic Egypt 641 1517 Mark N Swanson and Volume 3 The Emergence of the Modern Coptic Papacy Magdi Girgis Nelly van Doorn Harder The Early Christian World Philip F. Esler,2002-09-11 Early Christian World presents an exhaustive erudite and lavishly illustrated treatment of how the small movement which formed around Jesus in Galilee became the pre eminent religion of the ancient world The work begins by firmly situating early Christianity within its Mediterranean social political and religious contexts before charting the history of the first Christian centuries The creation and perpetuation of Christian communities through various means including mission and monasticism is explored as is the everyday experience of early Christians through discussion of gender and sexuality religious practice communication and social structures The intellectual

particularly theological and artistic heritage of the period is fully considered and a vivid picture painted of the internal and external challenges faced by early Christianity The book concludes with profiles of the most notable figures of the age Comprehensive and accessible Early Christian World provides up to date coverage of the most important topics in the study of early Christianity together with an invaluable collection of visual material It will be an indispensable resource for anyone studying this period *The Myriad Christ* Terrence Merrigan, Jacques Haers, 2000 Papers gathered here are the fruit of an international congress held at the Faculty of Theology of the Katholieke Universiteit Leuven 18-21 November 1997 Pref
