A Clinical Handbook in Adolescent Medicine Kate Steinbeck, Michael R. Kohn, 2013 This clinical handbook is a valuable resource for any health professional who works with adolescents and young adults whether in paediatric or adult acute care facilities or in the community As a handbook it provides ready access to practical clinically relevant and youth specific information This clinical handbook fills a clear gap as most adolescent texts are primarily directed at paediatricians This handbook extends its scope beyond paediatrics for three important reasons First many adolescents are managed by adult trained clinicians who have not had much exposure to or training in adolescent health Secondly the important health conditions of adolescents are often the important health conditions in young adults Thirdly with increased survival rates in chronic illness over the last two to three decades it is becoming essential that clinicians in adult health care are able to assess and manage conditions that have their origins in childhood Each chapter is written by an expert in their field with a highly practical approach The information is relevant and straightforward with the aim of enhancing clinical skills

Clinical Guide to Heart Transplantation Jon Kobashigawa, 2025-10-02 This extensively revised textbook is a concise reference for those involved in the management of heart transplant While this compilation of best practices cannot address the complexity of the individual patients we care for on a daily basis it will serve to help us ask the right questions access the best evidence and ultimately make the best decisions for the patients involved Clinical Guide to Heart Transplantation provides a current review of the field of heart transplantation and how it has evolved into an established therapy for the treatment of end stage heart failure With the advent of improved surgical techniques the development of immunosuppressive drugs and the utilization of more sophisticated monitoring strategies and treatments for graft rejection heart transplantation now offers patients an avenue to both improved survival and quality of life With over 4000 heart transplants performed per year globally and with 1 year survival approaching 90% this practical title is a vital reference to those involved in the this most complex of procedures to establish best practice It is therefore essential reading for all practitioners in this field who

are charged with making critical decisions in the management of patients donor organs and the transplant process itself to achieve the greatest benefit in the utilization of this often scarce resource

Pharmacotherapeutics for Advanced Practice Virginia Poole Arcangelo, Andrew M. Peterson, 2006 This advanced pharmacotherapeutics text for nurse practitioners and physician assistants offers guidelines on prescribing drugs for over 50 common diseases and disorders The book is organized by disorder rather than drug class and includes algorithms and case studies that illustrate critical thinking aspects of prescribing such as drug selection lifespan considerations therapeutic drug monitoring adverse reactions unexpected outcomes and when to change therapy This Second Edition has new chapters on oncologic disorders and complementary and alternative medicines Improved case studies reflect more realistic practice issues in decision making Additional areas addressed include food drug interactions dietary considerations and concerns regarding geriatric patients

A Clinical Guide for the Care of Older Women Richard L. Byyny, Leon Speroff, 1996

The Neuropsychology of Women Elaine Fletcher-Janzen, 2008-12-19 The Diversity in Clinical Neuropsychology series is designed to highlight cultural and moderator variables involved in the study of brain behavior relationships Historically the study of psychology and neuropsychology has focused on the male brain being the standard to which all or most variables are considered The study of sex differences is perhaps the most provoking and far reaching aspect of diversity because frequently women have unique assessment and treatment needs For example frontal lobe functioning tends to be more contextual for women than for men These brain functions have behavioral counterparts that directly relate to how interventions may be tailor made to suit the female rather than male patient The goal in neuropsychology is always to improve diagnosis and treatment outcomes and a cohesive summary of the neuropsychology of the female brain would raise

awareness and cultural competency of clinicians in neuropsychology Authors will focus on sex differences in the neuropsychological cognitive and development literature ethnic and socioeconomic variables affecting diagnosis and treatment of women and social emotional and behavioral manifestations of neuropsychological sex differences Clinical Guidelines for Advanced Practice Nursing Geraldine M. Collins-Bride,JoAnne M. Saxe,2013 In cooperation with UCSF School of Nursing Cover **Management of Unintended and Abnormal Pregnancy** Maureen Paul,Steve Lichtenberg,Lynn Borgatta,David A. Grimes,Phillip G. Stubblefield,Mitchell D. Creinin,2011-08-24 Access to high quality abortion care is essential to women s health as evidenced by the dramatic decrease in pregnancy related morbidity and mortality since the legalization of abortion in the United States and by high rates of maternal death and complications in those countries where abortion is still provided under unsafe conditions The past two decades have brought important advances in abortion care as well as increasing cross disciplinary use of abortion technologies in women s health care Abortion is an important option for pregnant women who have serious medical conditions or fetal abnormalities and fetal reduction techniques are now well integrated into infertility treatment to reduce the risks of multiple pregnancies resulting from assisted reproductive technologies Management of Unintended and Abnormal Pregnancy Comprehensive Abortion Care is the textbook of the National Abortion Federation and serves as the standard evidence based reference text in abortion care This state of the art textbook provides a comprehensive overview of the public health implications of unsafe abortion and reviews the best surgical and medical practices for pregnancy termination as well as managing ectopic and other abnormal pregnancies Management of Unintended and Abnormal Pregnancy Comprehensive Abortion Care is the leading source for a comprehensive understanding of issues related to unintended and abnormal pregnancy This textbook is authored by internationally known leaders in women s health care addresses unintended pregnancy and abortion from historical legal public health clinical and quality care perspectives includes chapters on pregnancy loss ectopic pregnancy gestational trophoblastic disease and multifetal pregnancy reduction covers treatment of pregnancies in the first and second trimester by both medical and surgical techniques and provides resources for clinical scientific and social support for the abortion provider and patient **Handbook of Contraception and Sexual Health** Suzanne Everett,2025-06-02 Offering a comprehensive guide to contraception and sexual health the new edition of this practical handbook has been fully updated with the latest clinical guidance research and methods including new technologies Giving clear and detailed information about all contraceptive methods including how to use them contra indications interactions and common patient anxieties this guide takes an integrated approach to sexual health It includes updated chapters on the consultation person centred care anatomy and physiology and sexually transmitted infections The new edition has been updated and reformatted to increase accessibility With plenty of self assessment exercises questions and answers and case scenarios the Handbook of Contraception and Sexual Health is an essential read for all nurses midwives and allied health professionals working in

community health and primary care settings **Oxford Textbook of Endocrinology and Diabetes** John A.H. Wass,Paul M.
