Alexander Campbell A Collection Volume 2 Restoration Movement:

Alexander Campbell: a Collection Alexander Campbell, Bradley Cobb, 2014-11-03 This brand new collection opens with a brief biography about Campbell and from there on out it's all him. We have chosen some of his most influential writings here including his best known sermon dealing with the Law of Moses his brilliant destruction of the annihilation doctrine his taking the government to task over capital punishment and his own translation of the book of Acts. Alexander Campbell did not start the church. He did not start any church. His entire life was dedicated to simply serving Christ in Jesus' church and helping that church to come back to the biblical standard. It would be wonderful if we had more men like him in the church today. Extra care had been given in correcting any typographical errors as well as adding footnotes to explain any unfamiliar words and phrases. In all, well over a hundred hours of work has gone into the production of this collection with the goal of making it as reader friendly as possible. Contents include: Alexander Campbell Matchless Defender of the Protestant Faith, Sermon on the Law of Life and Death, Instrumental Music in Worship, Is Capital Punishment Sanctioned by Divine Authority, Confession Unto Salvation, The Bible God has Spoken to Man in the Bible, Principles of Interpretation, Musings on a Christmas Morning, Acts of the Apostles translation. *The Stone-Campbell Movement* Leroy Garrett, 2002 **The Disciples—Second Edition** D. Duane Cummins, 2023-07-14 This new second edition refined, updated, and revised contains the story of those 15 years along with revisions in how a humble gathering evolved over two centuries into the Christian Church Disciples of Christ, a modern denomination of international stature. *The Disciples A Struggle for Reformation Revised Edition* discusses how Disciples progressed from congregationalism to Covenant, how they survived the tumult of Civil War, how they developed a ministry of missions on a global scale, and how they met the brutal challenge of 21st century COVID. **Restoration and Philosophy** J. Caleb Clanton, 2024-01-12 A product of the Second Great Awakening of the nineteenth century, the Stone-Campbell Restoration Movement gave rise to such denominations as the Church of Christ, a cappella, the Christian Church, Disciples of Christ, and the independent Christian Churches of Christ. While scholars have examined many of the historical, ecclesial, socio-cultural, and biographical dimensions of this indigenously American religious tradition, few have singled it out for philosophical exploration and critique. In *Restoration and Philosophy*, editor J. Caleb Clanton and a team of philosophers engage with the Stone-Campbell Restoration tradition to address issues related to epistemology, philosophy of science, philosophy of religion, moral philosophy, aesthetics, environmentalism, and race. Along the way, the authors help to contextualize the Stone-Campbell Restoration tradition within American religious history and within Christian philosophy more generally, and they show its continuing relevance today. Scholars and students of philosophy and religious studies, as well as ministers and those interested in this uniquely American Christian tradition, will benefit from this carefully edited, thoroughly researched, and highly readable collection of essays by eminent philosophers and religious scholars. *Old Texts Through New Eyes* Dallas R. Burdette, 2009-03 Christians frequently slaughter freedom of conscience with fanatical

dogmatism It is not uncommon for various fellowships of God's people to lay an embargo on freedom in favor of their own exclusive doctrine or understanding of the Scriptures One objective of this book is to set Christians free from sectarianism The views set forth in this book are not bound by party ties It is my desire that these writings will assist Christians in their desire to escape the prevailing forms of radicalism manifested by so many sincere and devout believers In my fifty eight years of preaching and teaching I have witnessed that men and women for the most part are afraid of freedom This volume examines the philosophy of what we teach is true and what others teach is false Among some bodies of believers freedom of investigation is rigidly shackled The chapters in this book seek to defuse the attitude that the one who refuses to comply with the status quo is no longer a brother in Christ The diversity of the chapters in this book refutes the prevailing opinions of many Christians my opinion is the only sound one flawless and incontestable Dallas Burdette has been a serious student teacher and preacher of the Bible for fifty eight years supporting himself for many years as an agent for AFLAC He has written numerous articles for religious journals as well as many essays and sermons which are available on his website He has developed a keen interest in promoting unity among God's people through a more accurate reading of the Word He has degrees from Amridge University formerly Southern Christian University where he also was Director of Extended Learning for five years He holds the Doctor of Ministry degree 1999 from Erskine Theological Seminary

Hard-Fighting Soldiers Edward J. Robinson, 2024-01-12 In the first full length scholarly synthesis of the African American Churches of Christ Edward J. Robinson provides a comprehensive look at the church's improbable development against a backdrop of African American oppression The journey begins with a lesser known preacher F. F. Carson in many ways a forerunner in the struggles and triumphs awaiting the preachers and lay people in the congregations to come Robinson then builds on scholarship treating well known figures including Marshall Keeble and G. P. Bowser to present a wide ranging history of African American Churches of Christ from their beginnings when enslaved people embraced the nascent Stone-Campbell Christian Movement even though founder Alexander Campbell himself favored slavery The author moves on

to examine how the churches grew under the leadership of S R Cassius even as Jim Crow restrictions put extreme pressure on organizations of any kind among African Americans Robinson's well researched narrative treats not only the black male leaders of the church but also women leaders such as Annie C Tuggle as well as notable activities of the church including music education and global evangelism thus painting a complete picture of African American Churches of Christ Through scholarship and compelling storytelling Robinson tells the two hundred year tale of how black believers survived and thrived on the discarded scraps of America forging their own identity fashioning their own lofty ecclesiology and hard theology and creating their own papers lectureships liturgy and congregations A groundbreaking exploration by a seasoned scholar in American religion *Hard Fighting Soldiers* is sure to become the standard text for anyone researching the African American Churches of Christ
