Sarigumba,2014-02-14 As an autobiography The Distant Glow traces the story of my life to the rough and rigorous way of life in Corella Bohol my birthplace Descending from generations of very poor and illiterate ancestors I exceeded my parents grade three education by finishing grade six and graduating as elementary school valedictorian Because my parents could not afford to send me to high school in the city I stayed out of school for six years helping my father on the farm and my mother in household chores One of several backbreaking works I used to do was climbing several coconut trees about 50 feet in height to tap the trees sanggutan for tuba a coconut juice that yields mildly alcoholic drink I used to climb 20 coconut trees every morning noon and evening mount over top sit on one of the palms and tap the juice One evening after sunset while atop the sanggutan I saw a glow a distant glow I muttered to myself Someday Ill find out what causes that glow I equated that statement to my goals in life I did find out what caused the distant glow Other distant glows appeared and I reached most of them with hard work and having a dream When the owners of a private school offered me an opportunity to go to their school free of tuition provided that I maintained the first place standing in the class honor roll I went to high school starting at age 20 To help shoulder the other costs of going to high school in the city I paid my room and board with service scrubbing and polishing the floor fetching water from an artesian well and gathering firewood every weekend for the landlord family With all the hardship I maintained the tuition free deal and graduated from high school as class valedictorian

A Woman's Tell, a True Story Evelyn Eason,2011-06-15 I was raised in poor neighborhoods with many brothers and

sisters I had an average education I was well known in high school made good grades and achieved a lot of awards Then I had to face one of my biggest struggles becoming a teen mother I eventually had to give up friends and graduated after only 3 years of high school Kids do not realize the result of the choices that they make may affect the rest of their lives I am going to take you through a journey of one of the most popular choices teenagers choose Unprotected sex is one of the most popular choice a teenager would make without thinking about the affects it would have In this story you would see the difficulties as a teenage mom struggling through the drama of dealing with her daughters father and his family Losing her faith and finding it again She turns what could have been the most devastating turning point in her life into her motivation to become someone her daughter could look up to and be proud of As an adult she has more insight than a person does her age Parents I hope this will help you find the strength and courage to talk to your children about safe sex and start at an earlier age than normal That talk may save you and your child some devastating problems in the end Teenagers make wiser choices let your parents or someone grown you trust know that you are having those feeling before you go out and do it If you are going to have sex always use protection because it just may save your life in many ways
