Aldous Huxley Ends And Means:

Ends and Means Aldous Huxley, 1969 **The Collected Works of Aldous Huxley: Ends and means** Aldous Huxley, 1946 *Collected Works of Aldous Huxley* Aldous Huxley, 1946 **Ends and Means; an Enquiry Into the Nature of Ideals and Into the Methods Employed for Their Realization** Aldous Huxley, 1965 **Aldous Huxley Annual** Jerome Meckier, Bernfried Nugel, 2006-05-12 This and the next Annual feature a collection of Aldous Huxley's early essays in art criticism for the most part published anonymously The present issue focuses on Huxley's critical approach to painting particularly to Modernist works Part I The forthcoming Annual will concentrate on Huxley's appraisal of architecture applied arts and sculpture in the 1920s Part II Bernfried Nugel is head of the Centre for Aldous Huxley Studies at the English Seminar of the University of Muenster Germany Jerome Meckier is a researcher at the University of Kentucky and at the Centre for Aldous Huxley Studies at the English Seminar of the University of Muenster Ends and Means Aldous Huxley, 1991-01-01 Essays look at the author's philosophy of life and the attainment of the ideal Aldous Huxley and Alternative Spirituality Jake Poller, 2019-08-12 Aldous Huxley and Alternative Spirituality offers an incisive analysis of the full range of Huxley's spiritual interests spanning both mysticism neo Vedanta Taoism Mahayana and Zen Buddhism and Western esotericism mesmerism spiritualism the paranormal Jake Poller examines how Huxley's shifting spiritual convictions influenced his fiction such as his depiction of the body and sex and reveals how Huxley's use of psychedelic substances affected his spiritual convictions resulting in a Tantric turn in his work Poller demonstrates how Huxley's vision of a new alternative spirituality in *Island* in which the Palanese select their beliefs from different religious traditions anticipates the New Age spiritual supermarket and traces the profound influence of Huxley's ideas on the spiritual seekers of the twentieth century and beyond Questioning Evangelism, Second Edition Randy Newman, 2017-04-25 You don't need to memorize evangelical formulas or answers You just have to be willing to ask There was something different about the way Jesus communicated with the lost He didn't force answers upon people He asked questions So why don't we Following Christ's lead Randy Newman has been using a questioning style of evangelism for decades In this provocative book he provides practical insights to help Christians engage others in meaningful spiritual conversations He challenges us to examine how we think about people their questions and our crucial message This second edition includes a new preface reflecting on the popularity of this perennial best seller and what its success has taught Newman about the effectiveness of this extraordinary method Distilled out of over twenty years of personal evangelism this book reflects both a deep grasp of biblical theology and a penetrating compassion for people and finds a way forward in wise probing questions How very much like the Master Himself D A Carson Trinity Evangelical Divinity School *Questioning Evangelism* steps outside the boundaries of evangelism as usual and tackles the tougher issues of our modern day Mitch Glaser Chosen People Ministries *The Face That Demonstrates the Farce of Evolution* Hank Hanegraaff, 2023-12-19 Looking into the face of our alleged ape ancestor popular

Christian apologist Hank Hanegraaff dissects and debunks the astonishingly weak arguments for the evolutionary theory revealing it as nothing more than a fairy tale for grown ups The author uses his own Memory Dynamics to make it easy for Christians to speak intelligently about evolution and speak persuasively about the Creator *Aldous Huxley Annual* Bernfried Nugel, Jerome Meckier, Volume 23 24 opens with a new selection of unpublished Huxley letters edited by James Sexton This section is followed by a number of unknown or little known original Huxley writings viz his early short story Boggarts 1912 selected pacifist texts 1935 36 the urtext of Ends and Means 1937 the Huxley article A Tour through Time 1951 rediscovered and edited by Gerhard Wagner and Huxley s published article Has Man s Conquest of Space Increased or Diminished His Stature 1963 newly edited from two extant typescripts The volume closes with critical articles on Point Counter Point Huxley and Bloomsbury Ape and Essence religion and spirituality in Huxley s short stories and on Huxley s relationship with his nephew Francis **Young Sidney Hook** Christopher Phelps, 2005 In the first biography of philosopher Sidney Hook since his death in 1989 Christopher Phelps vividly describes the neglected early thought and political history of this important New York intellectual Phelps chronicles Hook s early years and explores the contributions young Hook made to social theory ethics politics epistemology and discussions of scientific method 12 photos **Aldous Huxley** Alessandro Maurini, 2017-01-30 Aldous Huxley The Political Thought of a Man of Letters argues that Huxley is not a man of letters engaged in politics but a political thinker who chooses literature to spread his ideas His preference for the dystopian genre is due to his belief in the tremendous impact of dystopia on twentieth century political thought His political thinking is not systematic but this does not stop his analysis from supplying elements that are original and up to date and that represent fascinating contributions of political theory in all the spheres that he examines from anti Marxism to anti positivism from political realism to elitism from criticism of mass society to criticism of totalitarianism from criticism of ideologies to the future of liberal democracy from pacifism to ecological communitarianism Huxley clearly grasped the unsolved issues of contemporary liberalism and the importance of his influence on many twentieth century and present day political thinkers ensures that his ideas remain indispensable in the current liberal democratic debate Brave New World is without doubt Huxley s most successful political manifesto While examining the impassioned struggle for the development of all human potentialities it yet manages not to close the doors definitively on the rebirth of utopia in the age of dystopia **Ends and Means** Aldous Huxley, 2017-09-22 Cover Half Title Title Page Copyright Page Table of Contents INTRODUCTION TO THE TRANSACTION EDITION I GOALS ROADS AND CONTEMPORARY STARTING POINT II THE NATURE OF EXPLANATION III EFFICACY AND LIMITATIONS OF LARGE SCALE SOCIAL REFORM IV SOCIAL REFORM AND VIOLENCE V THE PLANNED SOCIETY VI NATURE OF THE MODERN STATE VII CENTRALIZATION AND DECENTRALIZATION VIII DECENTRALIZATION AND SELF GOVERNMENT IX WAR X INDIVIDUAL WORK FOR REFORM XI INEQUALITY XII EDUCATION XIII RELIGIOUS PRACTICES XIV BELIEFS XV ETHICS INDEX Anarchist Seeds beneath the Snow David

Goodway,2011-12-12 From William Morris to Oscar Wilde to George Orwell left libertarian thought has long been an important but neglected part of British cultural and political history In *Anarchist Seeds beneath the Snow* David Goodway seeks to recover and revitalize that indigenous anarchist tradition This book succeeds as simultaneously a cultural history of left libertarian thought in Britain and a demonstration of the applicability of that history to current politics Goodway argues that a recovered anarchist tradition could and should be a touchstone for contemporary political radicals Moving seamlessly from Aldous Huxley and Colin Ward to the war in Iraq this challenging volume will energize leftist movements throughout the world

Ends and Means in Modern Education Gordon Moore,Aldous Huxley,1968 **Criticism of Society in the English Novel Between the Wars** Hena Maes-Jelinek,2013-05-22 The main concern of this study is the artist s vision of society its major theme is the relation between the individual and society resulting from the impact of social and political upheavals on individual life By criticism of society I mean the novelist s awareness of the social reality and of the individual s response to it the writers I deal with all proved alive to the changes that were taking place in English society between the two World Wars Though the social attitudes of the inter war years as well as the writers response to them were shaped by lasting and complex influences such as trends in philosophy and science the two Wars stand out as determining factors in the development of the novel the consequences of the First were explored by most writers in the Twenties whereas in the following decade the novelists felt compelled to voice the anxiety aroused by the threat of another conflict and to warn against its possible effects After the First World War many writers felt keenly the social disruption the old standards which were thought to have made this suicidal War possible were distrusted the code of behaviour and the moral values of the older generation were openly criticized for having led to bankruptcy Disparagement of authority increased the individual s sense of isolation his insecurity his disgust or fear Even the search for pleasure so widely satirized in the Twenties was the expression of a cynicism born of despair The ensuing disengagement of the individual from his environment became a major theme in the novel his isolation was at once a cause for resentment and the source of his fierce individualism

A Transatlantic Political Theology of Psychedelic Aesthetics Roger K. Green,2019-04-02 Arguing that we ought to look to psychedelic aesthetics of the 1960s in relation to current crises in liberal democracy this book emphasizes the intersection of European thought and the psychedelic The first half of the book focuses on philosophical influences of Herbert Marcuse and Antonin Artaud while the second half shifts toward literary and theoretical influences of Aldous Huxley on psychedelic aesthetics Framed within an emergent discourse of political theology it suggests that taking a postsecular approach to psychedelic aesthetics helps us understand deeper connections between aesthetics and politics

Illusions of Freedom Jeffrey M. Shaw,2014-06-02 *Illusions of Freedom* examines the opinions and ideas of two twentieth century writers Thomas Merton a Catholic monk living in the United States and Jacques Ellul a French Protestant Contemporaries they never met or corresponded with each other but their critique of the influence that technology was beginning to have on the human

condition is strikingly similar Both Merton and Ellul drew upon the ideas of others in formulating their worldview to include Karl Barth Soren Kierkegaard Aldous Huxley and Karl Marx Jeffrey Shaw examines the influence that these other philosophers had on Merton and Ellul as they formulated their own ideas on technology s impact on freedom Tracing the similarities and in some cases the differences between their critiques of technology and the idea that progress is always to be seen as something inherently good one finds that they bring a unique perspective to the debate and offer readers an alternative avenue for reflecting on the meaning of technology and its impact on our lives in the twenty first century

Dystopia Gregory Claeys, 2017 *Dystopia A Natural History* is the first monograph devoted to the concept of dystopia Taking the term to encompass both a literary tradition of satirical works mostly on totalitarianism as well as real despotisms and societies in a state of disastrous collapse this volume redefines the central concepts and the chronology of the genre and offers a paradigm shifting understanding of the subject Part One assesses the theory and prehistory of dystopia By contrast to utopia conceived as promoting an ideal of friendship defined as enhanced sociability dystopia is defined by estrangement fear and the proliferation of enemy categories A natural history of dystopia thus concentrates upon the centrality of the passion or emotion of fear and hatred in modern despotisms The work of Le Bon Freud and others is used to show how dystopian groups use such emotions Utopia and dystopia are portrayed not as opposites but as extremes on a spectrum of sociability defined by a heightened form of group identity The prehistory of the process whereby enemies are demonised is explored from early conceptions of monstrosity through Christian conceptions of the devil and witchcraft and the persecution of heresy Part Two surveys the major dystopian moments in twentieth century despotisms focussing in particular upon Nazi Germany Stalinism the Chinese Cultural Revolution and Cambodia under Pol Pot The concentration here is upon the political religion hypothesis as a key explanation for the chief excesses of communism in particular Part Three examines literary dystopias It commences well before the usual starting point in the secondary literature in anti Jacobin writings of the 1790s Two chapters address the main twentieth century texts usually studied as representative of the genre Aldous Huxley s *Brave New World* and George Orwell s *Nineteen Eighty Four* The remainder of the section examines the evolution of the genre in the second half of the twentieth century down to the present *The Anatomy of Despondency* Jaap Harskamp, 2011-02-21 Socio cultural criticism is the continuous assessment and evaluation of developments within democratic society and hence a vital ingredient of democracy itself Departing from the French Revolution this study focuses upon a tradition of European criticism On the whole critics accepted that technological advance was irreversible but they opposed the assumption that this implied general progress Instead they stressed the negatives class conflict erosion of tradition mechanization of life fragmentation of society loss of cultural differentiation The approach is exclusively text orientated The result is a multi coloured mosaic depicting an image of what has moved confused or dismayed the European mind over a period of a century and a half The intensity of concern has shaped our contemporary thought awareness and outlook
