Alexander the Great Philip Freeman, 2011-01-04 In the first authoritative biography of Alexander the Great written for a general audience in a generation classicist and historian Philip Freeman tells the remarkable life of the great conqueror The celebrated Macedonian king has been one of the most enduring figures in history He was a general of such skill and renown that for two thousand years other great leaders studied his strategy and tactics from Hannibal to Napoleon with countless more in between He flashed across the sky of history like a comet glowing brightly and burning out quickly crowned at age nineteen dead by thirty two He established the greatest empire of the ancient world Greek coins and statues are found as far east as Afghanistan Our interest in him has never faded Alexander was born into the royal family of Macedonia the kingdom that would soon rule over Greece Tutored as a boy by Aristotle Alexander had an inquisitive mind that would serve him well when he faced formidable obstacles during his military campaigns Shortly after taking command of the army he launched an invasion of the Persian empire and continued his conquests as far south as the deserts of Egypt and as far east as the mountains of present day Pakistan and the plains of India Alexander spent nearly all his adult life away

from his homeland and he and his men helped spread the Greek language throughout western Asia where it would become the lingua franca of the ancient world Within a short time after Alexander's death in Baghdad his empire began to fracture Best known among his successors are the Ptolemies of Egypt whose empire lasted until Cleopatra In his lively and authoritative biography of Alexander classical scholar and historian Philip Freeman describes Alexander's astonishing achievements and provides insight into the mercurial character of the great conqueror Alexander could be petty and magnanimous cruel and merciful impulsive and farsighted Above all he was ferociously intensely competitive and could not tolerate losing which he rarely did As Freeman explains without Alexander the influence of Greece on the ancient world would surely not have been as great as it was even if his motivation was not to spread Greek culture for beneficial purposes but instead to unify his empire Only a handful of people have influenced history as Alexander did which is why he continues to fascinate us

Zero Hour: A Countdown to the Collapse of South Africa's Apartheid System Geoffrey Hebdon, 2022-07-15 This enlightening book focuses on the history of how the ethnic groups of

Africa eventually joined by white colonizers from Europe created the seedbed for the hateful apartheid system in Southern Africa. The reader learns how apartheid began the dehumanizing effects it had on the black population and how it was finally abolished in its zero hour in 1994. Written by historian, writer, and researcher Geoffrey Hebdon, this is the second in a series that covers the experience of a British citizen who emigrated to South Africa during that era and records in vivid detail his responses to the apartheid system and how South Africa and neighbouring countries evolved after apartheid was abolished. As well as the first European settlers and the white Afrikaners attempted enslavement of the black population, the book also covers the Zulu wars, the Anglo Boer wars, and individuals who supported apartheid such as Cecil Rhodes and the whites-only National Party of South Africa. Also covered are prominent leaders of the African National Congress (ANC) and the black revolutionaries who fought against apartheid, many of whom gave their lives or served life sentences for their struggle, including Nelson Mandela, who became South Africa's first black president after serving years in prison. **Confronting the**

Classics: Traditions, Adventures, and Innovations Mary Beard, 2013-09-09. An internationally recognized historian presents a revealing tour of the ancient world, shedding new light on Greek and Roman history. Confronting the Classics Mary Beard, 2013-03-07. Mary Beard is one of the world's best-known classicists, a brilliant academic with a rare gift for communicating with a wide audience both through her TV presenting and her books. In a series of sparkling essays, she explores our rich classical heritage from Greek drama to Roman jokes, introducing some larger-than-life characters of classical history such as Alexander the Great, Nero, and Boudicca. She invites you into the places where Greeks and Romans lived and died, from the palace at Knossos to Cleopatra's Alexandria, and reveals the often-hidden world of slaves. She takes a fresh look at both scholarly controversies and popular interpretations of the ancient world, from *The Golden Bough* to *Asterix*. The fruit of over thirty years in the world of classical scholarship, *Confronting the Classics* captures the world of antiquity and its modern significance with wit, verve, and scholarly expertise. **Deliberating War** Patricia Roberts-Miller, 2024-06-27. This

book argues that treating politics as war derails essential democratic processes, including deliberation and policy argumentation in complicated ways. Politics is war is not always just a figure of speech but often a sincere expression of how people see disagreement; they mean it literally and they use it to evade the responsibilities of rhetoric. This book takes the metaphor seriously. Using a series of case studies ranging from the 432 BCE Debate at Sparta to Bill O'Reilly's recent invention of a War on Christmas, *Deliberating War* illustrates pathologies of deliberation that arise when a community understands itself to be at political war. This book identifies recurrent rhetorical strategies that constrain or even effectively prohibit deliberation, such as deflecting, reframing, threat inflation, appealing to paired terms, claiming moral license, radicalizing a base. In short, what seems to be an effective solution to an immediate rhetorical problem using hyperbole and demagoguery to persuade people to adopt a specific leader or policy is a trap that prevents democratic practices of compromise, deliberation, fairness, reciprocity. Unhappily, threat inflation even when well-intentioned. At some point, hyperbolic

rhetoric becomes threat inflation and then that inflated threat becomes the premise of policies both foreign and domestic And then agreeing as to the obvious existential threat posed by the Other and uniting behind the obvious policy solution is a necessary sign of being on the side of Good Once communities become persuaded that they are in an apocalyptic battle between Good and Evil politics as war can quickly become real war often with far reaching and catastrophic consequences

seminal role in European history at the end of the eighteenth and beginning of the nineteenth centuries straddling the French Revolution and the enormous empire that he fashioned through military conquest Napoleon in the Russian Imaginary focuses on the response of Russia's greatest writers poets novelists critics and historians to the idea of Great Man as an agent of transformational change as it manifests itself in the person and career of Napoleon After Napoleon's defeat at Waterloo in 1815 and his subsequent exile to St Helena in much of Europe a re-evaluation of Napoleon's person stature and historical significance occurred as thinkers and writers witnessed the gradual reestablishment of repressive regimes throughout Europe This re-evaluation in Russia would have to wait until Napoleon's death in 1821 but when it came to pass it continued to occupy the imagination of Russia's greatest writers for over 130 years Although Napoleon's invasion of Russia and subsequent defeat had a profound effect on Russian culture and Russian history for Russian writers what was most important was the universal significance of Napoleon's desire for world conquest and the idea of unbridled ambition which he embodied Russian writers saw this for good or ill as potentially determining the spiritual and moral fate of future generations What is particularly fascinating is their attempt to confront each other about this idea in a creative dialogue with each succeeding writer addressing himself and responding to his predecessor and predecessors

Roller, 1998 Herod the Great King of Judaea from 44 B.C. is known as one of the world's great villains This notoriety has overshadowed his actual achievements particularly his role as a client king of Rome during Augustus's reign as emperor An essential aspect of Herod's responsibilities as king of Judaea was his role as a builder Remarkably innovative he created an astonishing record of architectural achievement not only in Judaea but also throughout Greece and the Roman east Duane W. Roller systematically presents and discusses all the building projects known to have been initiated by Herod and locates this material in a broad historical and cultural context Bringing together previously inaccessible material Roller enriches our understanding of the enigmatic Herod and provides new insights into Roman architecture Herod was instrumental in the diffusion of the Augustan architectural revolution into the provinces and was the first to build outside Italy such Italian architectural forms as the basilica amphitheater villa and Italian temple Herod's legacy provided a groundwork for the architectural Romanization of the east influencing the construction of the great temple complexes and palaces so familiar from later Roman architecture Herod like Augustus himself was not only interested in architecture but also in diplomatic and financial contacts among cities of the region In addition to providing a repertorium of the building projects this study is also an exploration of international relations in the eastern Mediterranean at the beginning of the Roman imperial period
