Plutarch and Justin ,1896 **Alexander The Great** Jacob Abbott,2019-09-25 Reproduction of the original Alexander The Great by Jacob Abbott *Collected Papers on Alexander the Great* Ernst Badian,2012-03-12 Professor Ernst Badian 1925 2011 was one of the most influential Alexander historians of the twentieth century His first articles on the subject appeared in 1958 and he continued for a full fifty years to reshape scholarly perception of the reign of Alexander the Great A steady output of articles was reinforced by lectures and reviews in his own formidable style Badian s earliest work transformed understanding of aspects of the Roman Republic and he continued to work on that area throughout his career but his series of studies of Alexander the Great which he deliberately never summed up in a synoptic work demolished the hero of his predecessors such as Droysen and Tarn whom he regarded as starry eyed hero worshippers and created an Alexander on the model of a twentieth century tyrant The Alexander who was a ruthless killer of his rivals and those who disagreed with him a mass murderer in his conquests and perhaps even an incompetent imperialist has superseded the Alexander whose mission it was to bring Greek civilization to the ends of the earth These essays and articles provide a new layer in the interpretation of a figure who has not ceased to fascinate since his death in 323 BC Many of these articles were published in out of the way journals and conference volumes and are brought together here for the first time in a collection which will provide student and scholar with a view of the full range of Badian s work on Alexander Certain ephemeral pieces and all reviews except one have been excluded by the wish of the author The twenty seven articles included were all revised by the author before his death but there has been no other editorial intervention The volume also includes a portrait and an introduction by Eugene Borza surveying Badian s career and contribution No one who works on Alexander the Great can afford to be without this book **Dividing the Spoils** Robin Waterfield,2012-10-11 A gripping account of one of the great forgotten wars of history revealing how Alexander the Great s vast empire was torn asunder in the years after his death **Alexander the Great** Samuel Willard Crompton,2003 Describes the life and accomplishments of Alexander the Great of Macedonia **Alexander the Great: Sources and studies** William Woodthorpe Tarn,1950 *In the Footsteps of Alexander the Great* Michael Wood,1997 The author follows Alexander the Great s 22 000 mile expedition from Greece to India recreating the epic marches and battles **Brill's Companion to Alexander the Great** Joseph Roisman,2002-12-16 Many important issues surrounding Alexander the Great s conquest have captured the interest of scholars and general readers since antiquity This book acquaints us with these issues and their current interpretations and opens up new directions of investigation as it confronts them It covers a broad range of topics the ancients representations of the king in literature and art Alexander s relations with Greeks Macedonians and the peoples of Asia the military political sociological and cultural aspects of his campaigns the exploitation of his story by ancient philosophers to argue a moral point and by modern communities to affirm or contest ethnic and national identities This volume will be of interest to scholars and nonspecialists alike and serve as a standard reference work for years to come *The Life and Times of Alexander the Great* John Bankston,2005-03 Alexander
