*Standards Enforcement Test Reports - KWIC Index*, 1972      *Standards Enforcement Test Reports Index* United States. National Highway Traffic Safety Administration, 1971      *365 Sports Cars You Must Drive* John Lamm, Steve Sutcliffe, Larry Edsall, James Mann, Kris Palmer, 2020-10-27 365 Sports Cars You Must Drive puts you in the driver's seat of a century's worth of sports car legends and a few rather less legendary each presented with a fun and informative profile and fact and spec box. It's the ultimate gearhead's bucket list and poses the challenge: How many have you driven? Whoever coined the phrase "getting there is half the fun" must have owned a sports car. And the wag who suggested that it's the journey, not the destination. Probably driving a Lotus or MG at the time. From towering icons like Ferrari, Lamborghini, Porsche and Corvette to everyman sportsters from Triumph MG Sunbeam and Miata to oddballs like Crosley, Sabra and DB sports cars inspire passion and strong opinions as few other vehicles on the road can. In one beautiful book, long-time Road Truck magazine chief photographer John Lamm along with other top motoring contributors gives the reader illustrated profiles of every sports car you've ever dreamed of driving. Now imagine if you could drive a different sports car any sports car every single day for a year. Which would you choose?      *Road Test*, 1977      **Sports Cars** James Mann, 2011 The sports car has always been the ultimate symbol of automotive fun and freedom from the earliest Bentleys and Stutzes through the Porsche Boxster and Lotus Elise of today. Sports Cars profiles over 50 cars from the early twentieth century to today with lavish color photography from renowned automotive lensman James Mann. This book will surely grab the attention of any sports car lover.      *A to Z of Sports Cars, 1945-1990* Mike Lawrence, 1996 More than 1,000 photographs in b/w and color illustrate the extraordinary variety of sports cars that have been offered to the public. All the great names are featured including cars from Israel, Egypt, Spain, Switzerland, Norway and Brazil.      *Classic Car*, 1991      *Cars I Could've, Should've, Kept* Jackson Brooks, 2014-11-21 A small business owner and lifelong lover of classic sports cars, Jackson Brooks began in the early 1960s to purchase, restore and enjoy a long succession of rare automotive beauties, many of which are million-dollar commodities in today's market. Not so much a collector as an enthusiast and entrepreneur, he recounts in this well-illustrated memoir how he found and selected the cars, some of which were on the verge of the scrap heap, the process of restoring them, the challenges he confronted along the way, the ones that got away and always the hunt for the next vehicle to spark his imagination. The cars primarily sporting machines include 8C 2300 Alfa Romeos, a Jaguar SS100, three 1953 Ferrari 250MM Barchetta racers, of 13 built a 1922 Mercedes Targa Florio racer, a Type 57 Bugatti, a 1929 Mercedes SSK, one of 33 built four Talbot Lagos and a 1937 Cord 812 Phaeton among many others, with particular concentrations on Ferrari and Alfa Romeo. Often the sale of one after restoration and use financed the purchase of the next, and the text includes the purchase and sale prices as well as approximate present-day market values of the cars. Few people have enjoyed so much hands-on experience with so many of the world's most desirable automobiles.      **March 2022 - Surplus Record Machinery & Equipment Directory** Surplus Record, 2022-03-01
