Advanced English Grammar A Linguistic Approach

Nick Riemer

Advanced English Grammar A Linguistic Approach:

Advanced English Grammar Ilse Depraetere, Chad Langford, 2025-08-26 With more than 50 years of teaching experience between them Ilse Depraetere and Chad Langford present a grammar pitched precisely at advanced learners of English who need to understand how the English language really works without getting stalled in the complex specifics This textbook pulls all of the relevant ideas from linguistic theory to support the language student to fully understand English grammar After introducing form and function the authors cover verbs nouns aspect and tense modality and discourse Readers are led through the underlying principles of language use with the book presupposing only a basic grasp of linguistic terminology and focusing on the critical issues This new edition includes updated examples from the press to represent a wider breadth of English language publications including examples not only from The Guardian and the New York Times but also from Indian and African publications The new system to cross reference all exercises with the core text in each chapter with discreet marginal notes makes the link between theory and practice more explicit This edition also includes a new appendix of important phrasal verbs at an advanced level Full of challenging exercises and supported by a companion website featuring an extensive answer key a glossary and further exercises for study this is the reference grammar of choice for both native and non native English speakers

Advanced English Grammar Ilse Depraetere, Chad Langford, 2019-09-05 With more than 50 years of teaching experience between them Ilse Depraetere and Chad Langford present a grammar pitched precisely at advanced learners of English who need to understand how the English language really works without getting lost in the complex specifics Now fully updated and revised throughout the second edition of this book pulls from linguistic theory all the relevant notions that will enable the language student to fully grasp English grammar After introducing form and function the authors cover verbs nouns aspect and tense modality and discourse Readers are led through the underlying principles of language use with the book presupposing only a basic grasp of linguistic terminology and focusing on the critical issues Full of challenging exercises and supported by a companion website featuring an extensive answer key a glossary and further exercises for study this is the reference grammar of choice for both native and non native English speakers

The Oxford Handbook of English Grammar Bas Aarts, Jill Bowie, Gergana Popova, 2020 This handbook provides an authoritative critical survey of current research and knowledge in the grammar of the English language The volume's expert contributors explore a range of core topics in English grammar covering a range of theoretical approaches and including the relationship between core grammar and other areas of language

Models of Modals Ilse Depraetere, Bert Cappelle, Martin Hilpert, Ludovic De Cuypere, Mathieu Dehouck, Pascal Denis, Susanne Flach, Natalia Grabar, Cyril Grandin, Thierry Hamon, Clemens Hufeld, Benoît Leclercq, Hans-Jörg Schmid, 2023-04-27 Modal verbs in English communicate delicate shades of meaning there being a large range of verbs both on the necessity side must have to should ought to need need to and the possibility side can may could might be able to They therefore constitute excellent test ground

to apply and compare different methodologies that can lay bare the factors that drive the speaker's choice of modal verb. This book is not merely concerned with a purely grammatical description of the use of modal verbs but aims at advancing our understanding of lexical and grammatical units in general and of linguistic methodologies to explore these. It thus involves a genuine effort to compare, assess and combine a variety of approaches. It complements the leading descriptive qualitative work on modal verbs by testing a diverse range of quantitative methods while not ignoring qualitative issues pertaining to the semantics/pragmatics interface. Starting from a critical assessment of what constitutes the meaning of modal verbs, different types of empirical studies (usage-based data-driven and experimental) drawing considerably on the same data sets shows how method triangulation can contribute to an enhanced understanding. Due attention is also given to individual variation as well as the degree to which modals can predict L2 proficiency level.

The Routledge Handbook of Semantics Nick Riemer, 2015-07-30 The Routledge Handbook of Semantics provides a broad and state-of-the-art survey of this field covering semantic research at both word and sentence level. It presents a synoptic view of the most important areas of semantic investigation including contemporary methodologies and debates and indicating possible future directions in the field. Written by experts from around the world, the 29 chapters cover key issues and approaches within the following areas: meaning and conceptualisation; meaning and context; lexical semantics; semantics of specific phenomena; development, change and variation. The Routledge Handbook of Semantics is essential reading for researchers and postgraduate students working in this area.

Understanding English Grammar Ronald Wardhaugh, 2003-09

Modality in Contact Carmelo Alessandro Basile, 2024-09-02 This book explores the evolution of modal constructions of necessity and obligation in New Englishes. Focusing on Singapore English, analysis of corpus data reveals lower levels of grammaticalization compared to its lexifier, British English. This trend is explained through the lenses of a pan-stratist model which considers a spectrum of forces influencing the dynamics of contact. On the one hand, cognitive mechanisms seem to favour the selection of less grammaticalized and more transparent variants from the lexifier. On the other hand, the substrate is positioned as a background force actively contributing to the selection of new material to address functional gaps in the system.

Transformation of Higher Education Through Institutional Online Spaces Taiwo, Rotimi, Idowu-Faith, Bimbola, Ajiboye, Simeon, 2023-07-11 The surge in the demand for higher education is closely connected with the liberalization and globalization of education. Websites and social media have been chosen for promotional purposes for obvious reasons: they are globally accessible. For rapid communication of a significant amount of information, virile institutional websites and social media spaces with promotional messages have become very important assets for higher institutions and their stakeholders. Transformation of Higher Education Through Institutional Online Spaces presents multidisciplinary and interdisciplinary approaches to promotional discourses as presented on higher institution online spaces. Covering topics such as brand building and marketing, content marketing, curriculum marketing, digital marketing, higher education digital marketing and

higher education marketing campaigns this book is ideal for educational website managers educational institution managers public relations units researchers academicians practitioners instructors and students *Critical Psychoanalytic Social Work* Sebastien Ponnou, Christophe Niewiadomski, 2022-11-17 This international and interdisciplinary collection argues for the use of clinical based practices and research in social work bringing together critical psychoanalytic ideas into social work practice to help tackle contemporary issues With a Foreword written by Stephen Webb this book brings together specialists from the main areas of research and clinical practices in social work ranging from psychoanalysis sociology clinical psychology ethnopsychiatry and philosophy Arguing for a movement away from evidence based practice chapters discuss the need for psychoanalytic thought in contemporary social work knowledge how this can be integrated in social work practice and training the challenges faced by training and practicing social workers and the ethical issues relating to clinical based practice Filled with case studies throughout these diverse and rich contributions will make social workers think deeply about advocacy ethics and the systemic changes needed in the field This book will be invaluable reading to training and practicing clinical social workers and mental health professionals interested in social intervention It will also be interesting to psychoanalysts as well as those studying sociology clinical psychology and philosophy Psychoanalysis for Children with ADHD Sébastien Ponnou, 2025-05-23 In *Psychoanalysis for Children with ADHD* a group of eminent analysts highlight the positive impact that psychoanalytic work and the clinical space can have on children with Attention Deficit Hyperactivity Disorder Thoroughly researched and informed by decades of work in the field this volume includes contributions from well known scientists and analysts such as François Gonon and Patrick Landman Each contribution addresses sensitive and complex issues including diagnostic criteria behavioral problems and patterns pharmacological intervention ethical implications and the involvement of parents in treatment Based on empirical data the contributors offer a well balanced critique of standardized approaches to ADHD and make a case for psychoanalysis as an indispensable tool for both the child with ADHD and their caregivers Throughout the book shares the importance of the child having a safe space to explain in their own words their mind body experience Written in accessible language this volume will be of interest to all psychoanalysts and psychotherapists working with children as well as those offering specialized care in a medical or educational setting **Research in Education** ,1974 **Resources in Education** ,1996 **The Psychology of Language** Trevor A. Harley, 2001 This comprehensive study of the psychology of language explores how we speak read remember learn and understand language The author examines each of these aspects in detail **Mastering English** Carl Bache, Niels Davidsen-Nielsen, 1997 The future of English linguistics as envisaged by the editors of *Topics in English Linguistics* lies in empirical studies which integrate work in English linguistics into general and theoretical linguistics on the one hand and comparative linguistics on the other The TiEL series features volumes that present interesting new data and analyses and above all fresh approaches that contribute to the overall aim of the series which is to further outstanding

research in English linguistics Applied Linguistics for Teachers of Culturally and Linguistically Diverse Learners
 Erdogan, Nabat, Wei, Michael, 2019-06-30 Irrespective of the language taught whether first second or foreign knowledge of linguistics and its application is a must for language teachers However most TESOL programs use general linguistics textbooks that deal with the science of linguistics as theory disregarding its implications practice for teaching English language learners Applied Linguistics for Teachers of Culturally and Linguistically Diverse Learners is an essential scholarly publication that seeks to contribute to TESOL and language teacher education programs in order to assist educators to apply their knowledge to help linguistically and culturally diverse learners succeed in school and life Highlighting an array of topics such as morphology syntax semantics and sociolinguistics this book is ideal for educators educational programs professionals academicians professors linguists and students **A Reference Guide for English Studies** Michael J. Marcuse, 1990-01-01 This ambitious undertaking is designed to acquaint students teachers and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature Within each of 24 major sections Marcuse lists and annotates bibliographies guides reviews of research encyclopedias dictionaries journals and reference histories The annotations and various indexes are models of clarity and usefulness and cross references are liberally supplied where appropriate Although cost conscious librarians will probably consider the several other excellent literary bibliographies in print such as James L Harner's *Literary Research Guide* Modern Language Assn of America 1989 larger academic libraries will want Marcuse's volume Jack Bales Mary Washington Coll Lib Fredericksburg Va Library Journal *Intelligent Tutoring Systems for Foreign Language Learning* Merryanna L. Swartz, Masoud Yazdani, 2012-12-06 Multilingual communication within the world community is important for economic political and cultural interactions In a global environment where other languages are increasing in importance in addition to recognized international standards i e English and French language learning is becoming more important for improved international relations At the same time recent advances in instructional technology make the promise of building intelligent tutoring systems in advanced technology laboratories to teach these language skills a reality in the near future These tutoring systems therefore may help us foster improved methods for acquiring languages As active language learners and instructional technology researchers we felt an international meeting with similar individuals was needed to discuss how such advanced tutoring systems are to be designed and implemented We held such a meeting the results of which are presented in this volume The purpose of this Advanced Workshop sponsored by the NATO Scientific Affairs Division was to bring together a multidisciplinary group of researchers who were active in the development of intelligent tutoring systems for foreign language learning Participants came from computer science computational linguistics psychology and foreign language learning Washington D C was selected for the Workshop site since it is Merryanna's home city the capitol of the United States and an international multilingual community in its own right

Masoud agreed to the location with a promise to be shown the White House and graciously volunteered to coordinate activities from the European side

Cognitive Linguistic Approaches to Teaching Vocabulary and Phraseology Frank Boers, Seth Lindstromberg, 2008 Review text This volume one in a series of applications of cognitive linguistics revolves around the importance of figurative thought and linguistic iconicity for vocabulary acquisition Being mainly devoted to phraseology it is an important contribution to an area in need of attention For this reason alone it is a useful resource for SLA researchers in particular for those involved in the training of language teachers Kirsten Haastrup in *Studies in Second Language Acquisition* 4 2009 English Teaching Forum ,1963 The Routledge Handbook of Second Language Acquisition and Speaking Tracey M. Derwing, Murray J. Munro, Ron I. Thomson, 2022-03-10 This Handbook is a comprehensive volume outlining the foremost issues regarding research and teaching of second language speaking examining such diverse topics as cognitive processing articulation knowledge of pragmatics instruction in sub components of speaking e g grammar pronunciation and vocabulary and the attrition of the first language Outstanding academics have contributed chapters to provide an integrated and inclusive perspective on oral language skills Specialized contexts for speaking are also explored e g English as a Lingua Franca workplace and interpreting The Routledge Handbook of Second Language Acquisition and Speaking will be an indispensable resource for students and scholars in applied linguistics cognitive psychology linguistics and education
