Boris Volodarsky

Art Betrayal History British Service:

The Birth of the Soviet Secret Police Boris Volodarsky, 2023-05-31 This book is new in every aspect and not only because neither the official history nor an unofficial history of the KGB and its many predecessors and successors exists in any language In this volume the author deals with the origins of the KGB from the Tsarist Okhrana the first Russian secret political police to the OGPU Joint State Political Directorate one of the KGB predecessors between 1923 and 1934 Based on documents from the Russian archives the author clearly demonstrates that the Cheka and GPU OGPU were initially created to defend the revolution and not for espionage The Okhrana operated in both the Russian Empire and abroad against the revolutionaries and most of its operations presented in this book are little known The same is the case with regards to the period after the Cheka was established in December 1917 until ten years later when Trotsky was expelled from the Communist Party and exiled and Stalin rose to power For the long period after the Revolution and up to the Second World War and indeed beyond until the death of Stalin the Cheka's main weapon was terror to create a general climate of fear in a population In the book the work of the Cheka and its successors against the enemies of the revolution is paralleled with British and American operations against the Soviets inside and outside of Russia For the first time the creation of the Communist International Comintern is shown as an alternative Soviet espionage organization for wide scale foreign propaganda and subversion operations based on the new revelations from the Soviet archives Here the early Soviet intelligence operations in several countries are presented and analyzed for the first time as are raids on the Soviet missions abroad The Bolshevik smuggling of the Russian imperial treasures is shown based on the latest available archival sources with misinterpretations and sometimes false interpretations in existing literature revised After the Bolshevik revolution Mansfield Smith Cumming the first chief of SIS undertook to set up an entirely new Secret Service organization in Russia During those first ten years events would develop as a non stop struggle between British intelligence within Russia and abroad and the Cheka later GPU OGPU Before several show spy trials in 1927 British intelligence networks successfully operated in Russia later moving to the Baltic capitals Finland and Sweden while young Soviet intelligence officers moved to London Paris Berlin and Constantinople Many of those operations from both sides are presented in the book for the first time in this ground breaking study of the dark world of the KGB

Misdefending the Realm Antony Percy, 2017 This is the story of how the Soviet Union successfully infiltrated the UK government in the years leading up to WW2 and specifically when the USSR was an ally of Nazi Germany August 1939 June 1941 Historians have previously argued that this success was due to the existence of a Communist super mole within MI5 and that in the fight against Fascism multiple indulgences towards communists were an unavoidable strategy The reality was very different When a key Soviet defector warned of the deep insertion of agents within the corridors of power the Comintern were obliged by the Hitler Stalin pact to launch an aggressive counteroffensive in 1940 Britain's Security Service was persuaded that the threat from communist subversion was

minimal When this most damaging espionage was detected MI5's officers engaged in an extensive cover up to conceal their deficiencies Exploiting recently declassified material and a broad range of historical and biographical sources Antony Percy here reveals how the Soviet Union caught up so swiftly with Western expertise and weaponry and so removed a key Western advantage over its Communist adversary as the Cold War ensued **Spying on the World** Richard J. Aldrich, 2014-05-19

For more than half a century the Joint Intelligence Committee or JIC has been a central component of the British Government's secret machinery It represents the highest authority in the world of intelligence and acts as a broker between the spy and the policy maker From WWII to the War in Iraq and from the Falklands to the IRA it has been involved in almost every key foreign policy decision This book reveals the declassified papers of the JIC shining a light on the workings of Whitehall's secret world and the vital previously unknown role played by intelligence in pivotal events across the twentieth and twenty-first centuries *The Eagle in the Mirror* Jesse Fink, 2023-08-22 Part biography part forensic jigsaw puzzle part cold case detective investigation *The Eagle in the Mirror* is the story of Charles Howard Dick Ellis The longest serving spy for the British Secret Intelligence Service MI6 Ellis helped set up the Office of Strategic Services OSS now known as the Central Intelligence Agency CIA and the Australian Secret Intelligence Service ASIS In the 1940s he was considered one of the top three secret agents in MI6 and controlled its activities as one journalist put it for half the world But in the 1980s crusading espionage journalist Chapman Pincher in the hugely successful books *Their Trade is Treachery* and *Too Secret Too Long* and retired MI5 intelligence officer Peter Wright in the worldwide bestseller *Spycatcher* posthumously accused Ellis of having operated as a triple agent for Nazi Germany and the Soviet Union In 1965 while under interrogation in London Ellis had allegedly made a confession that he had supplied information to the Nazis before World War II However Pincher's and Wright's accusations against Ellis have never been comprehensively proven No confession has materialised Was Ellis guilty or was an innocent man framed By confessing did he take the fall for someone else Or had the intelligence agencies of the United States the United Kingdom and Australia been fatally compromised by a super mole Internationally bestselling author JESSE FINK *Pure Narco* *Bon The Last Highway* The Youngs attempts to find out the truth once and for all *The Eagle in the Mirror* is not just a long overdue biography of the unheralded Dick Ellis it's a gripping real life international whodunit *Studies in Intelligence*, 2010 **Historical Dictionary of British Intelligence** Nigel West, 2014-02-18 British Intelligence is the oldest most experienced organization of its kind in the world the unseen hand behind so many world events and glamorized by James Bond Despite the change in role from a global power controlling an Empire that covered much of the world to a mere partner in the North Atlantic Treaty Organization NATO and the European Union the country's famed security and intelligence apparatus continues largely intact and recognized as punching above its weight Feared by the Soviets admired and trusted by the Central Intelligence Agency CIA British Intelligence has provided the hidden dimension to the conduct of domestic and foreign policy with the added mystique of Whitehall secrecy a shroud that for years protected the identities of

the shadowy figures who recruited the sources broke the codes and caught the spies This second edition of Historical Dictionary of the British Intelligence covers the history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 1 000 cross referenced entries on specific operations spies and their handlers the moles and defectors top leaders and main organizations This book is an excellent access point for students researchers and anyone wanting to know more about the British Intelligence A Bibliography of British History, 1914-1989 Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index *Encyclopaedia Americana. A Popular Dictionary of Arts, Sciences, Literature, History, Politics and Biography. A New Ed.; Including a Copious Collection of Original Articles in American Biography; on the Basis of the 7th Ed of the German Conversations-lexicon*, 1849 **Historical Dictionary of British Spy Fiction** Alan Burton, 2016-04-04 The Historical Dictionary of British Spy Fiction is a detailed overview of the rich history and achievements of the British espionage story in literature cinema and television It provides detailed yet accessible information on numerous individual authors novels films filmmakers television dramas and significant themes within the broader field of the British spy story It contains a wealth of facts insights and perspectives and represents the best single source for the study and appreciation of British spy fiction British spy fiction is widely regarded as the most significant and accomplished in the world and this book is the first attempt to bring together an informed survey of the achievements in the British spy story in literature cinema and television The Historical Dictionary of British Spy Fiction contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 200 cross referenced entries on individual authors stories films filmmakers television shows and the various sub genres of the British spy story This book is an excellent access point for students researchers and anyone wanting to know more about British spy fiction **The London Literary Gazette and Journal of Belles Lettres, Arts, Sciences, Etc**, 1830 The Literary Gazette and Journal of Belles Lettres, Arts, Sciences, &c, 1831 **Looking-Glass Wars: Spies on British Screens since 1960** Alan Burton, 2018-01-31 Looking Glass Wars Spies on British Screens since 1960 is a detailed historical and critical overview of espionage in British film and television in the important period since 1960 From that date the British spy screen was transformed under the influence of the tremendous success of James Bond in the cinema the spy thriller and of the new style spy writing of John le Carr and Len Deighton the espionage story In the 1960s there developed a popular cycle of spy thrillers in the cinema and on television The new study looks in detail at the cycle which in previous work has been largely neglected in favour of the James Bond films The study also brings new attention to espionage on British television and popular secret agent series such as Spy Trap Quiller and The Sandbaggers It also gives attention to the more realistic representation of spying in the film and television adaptations of le

Carr and Deighton and other dramas with a more serious intent In addition there is wholly original attention given to nostalgic spy fictions on screen adaptations of classic stories of espionage which were popular in the late 1970s and through the 1980s and to historical spy fiction dramas which treated real cases of espionage and their characters most notably the notorious Cambridge Spies Detailed attention is also given to the secret state thriller a cycle of paranoid screen dramas in the 1980s which portrayed the intelligence services in a conspiratorial light best understood as a reaction to excessive official secrecy and anxieties about an unregulated security service The study is brought up to date with an examination of screen espionage in Britain since the end of the Cold War The approach is empirical and historical The study examines the production and reception literary and historical contexts of the films and dramas It is the first detailed overview of the British spy screen in its crucial period since the 1960s and provides fresh attention to spy films series and serials never previously considered

Literary Gazette and Journal of Belles Lettres, Arts, Sciences, &c, 1830 The Art of Betrayal Gordon Corera, 2011 From Afghanistan to the Congo from Moscow to the back streets of London these are the stories of the men and women who have worked on the front line of Britain's secret wars And the truth is often more remarkable than the fiction Book Jacket **Art of Suppression** Pamela M. Potter, 2016-06-28 One thinks of the arts in Nazi Germany as struggling in an

oppressive system yet evidence has repeatedly shown that conditions were far more favourable than we assume Potter conducts a historiography of Nazi arts examining writings from the last seven decades to demonstrate how historical moral and intellectual conditions have sustained a distorted characterization of cultural life in the Third Reich Showing how past research has revealed the decentralized nature of Nazi arts policies Potter argues that the insulation of academic disciplines allowed outdated presumptions about Nazi micromanagement of the arts to persist **Historical Dictionary of**

Intelligence Failures Glenmore S. Trenear-Harvey, 2014-11-20 An Intelligence failure can be defined where there was intelligence available about a particular event but either it was not collected or was mishandled later in the assessment cycle as opposed to the failure of an intelligence operation The Historical Dictionary of Intelligence Failures covers the history of intelligence failures through a chronology an introductory essay an extensive bibliography and over 100 cross referenced dictionary entries on the Ardennes Offensive the Six Day War and the Cuban Missile Crisis the Prague Spring the Arab Spring 9 11 This book is an excellent access point for students researchers and anyone wanting to know more about the intelligence industry **APAIS 1994: Australian public affairs information service**, **The Encyclopaedia**

Britannica, Or, Dictionary of Arts, Sciences, and General Literature, 1842 **The Psychology of Spies and Spying** Adrian Furnham, John Taylor, 2022-06-28 The Psychology of Spies and Spying tells the story of the people involved in spying the human sources agents who betray their country or organisation and the professional intelligence officers who manage the collection and reporting process Historical Dictionary of International Intelligence Nigel West, 2015-05-21

Intelligence is now acknowledged as the hidden dimension to international diplomacy and national security It is the hidden

piece of the jigsaw puzzle of global relations that cements relationships undermines alliances and topples tyrants and after many decades of being deliberately overlooked or avoided it is now regarded as a subject of legitimate study by academics and historians This second edition of Historical Dictionary of International Intelligence covers its history through a chronology an introductory essay and an extensive bibliography The dictionary section has over 500 cross referenced entries on espionage techniques categories of agents crucial operations spies defectors moles double and triple agents and the tradecraft they apply This book is an excellent access point for students researchers and anyone wanting to know more about the international intelligence
