Re-Envisioning and Restructuring Blended Learning for Underprivileged Communities Bosch, Chantelle,Laubscher, Dorothy Joy,Kyei-Blankson, Lydia,2021-05-14 Challenges in the educational arena are not new phenomena However with the recent outbreak of the COVID 19 pandemic researchers and educators have been made even more aware of the need for a paradigm shift in education Blended learning as opposed to fully online learning or traditional face to face teaching has been well researched and has been found to have the potential to provide better educational solutions in challenging contexts These contexts range from pandemic situations where social distancing is the order of the day to financial and time constraints regarding full time study as well as limited physical capacity at institutions Blended learning solutions are often designed for resourceful institutions and cannot be easily implemented in developing countries and in communities where resources are limited Typical issues like connectivity accessibility lack of suitable devices and affordability need to be taken into consideration and in cognizance of blended learning interventions These challenges are often neglected in blended learning research but are critical discussions to be had Re Envisioning and Restructuring Blended Learning for Underprivileged Communities shares how institutions in the developing world and less privileged communities have re imagined and restructured blended education to enhance teaching and learning for underprivileged communities This book aims to address blended learning solutions across institutional program course and activity levels The chapters will cover a variety of learning environments from rural settings to less developed countries and more and explore the programs and

courses designed to improve student success and accessibility in diverse student populations This book is ideally intended for teachers administrators teacher educators practitioners stakeholders researchers academicians and students who are interested in blended learning opportunities in less privileged settings and to underserved and marginalized populations

**Handbook of Addiction, Recovery and Quality of Life** Maria Florence, Wouter Vanderplasschen, Mansoo Yu, Jessica De Maeyer, Shazly Savahl, 2025-01-25 This handbook brings together research and innovation across two important and related fields quality of life QoL and addiction recovery Though both fields of research are equally vibrant this volume brings together the advancing scholarly exploration of the intersection between QoL and addiction recovery It provides comprehensive coverage of the theoretical perspectives on QoL in the field of addiction and recovery instruments and methodologies to assess QoL different types of addiction in specific populations and QoL and practices and interventions for supporting recovery and promoting QoL It importantly includes international and intercultural perspectives on QoL and addiction recovery By including sound theoretical conceptual historical empirical and cross cultural contributions on QoL and addictions the volume offers many opportunities for advancing support treatment and recovery of persons with addiction problems based on their subjective perspectives and experiences This handbook is a go to resource for a wide interdisciplinary readership interested in quality of life research subjective well being public health and addiction research
