Young Louise already stunningly beautiful and sporting her famous black bob with blunt bangs is known for her arrogance and her lack of respect for convention Ultimately the five weeks they spend together will transform their lives forever For Cora the city holds the promise of discovery that might answer the question at the core of her being and even as she does her best to watch over Louise in this strange and bustling place she embarks on a mission of her own And while what she finds isn't what she anticipated she is liberated in a way she could not have imagined Over the course of Cora's relationship with Louise her eyes are opened to the promise of the twentieth century and a new understanding of the possibilities for being fully alive Drawing on the rich history of the 1920s 30s and beyond from the orphan trains to Prohibition flappers and the onset of the Great Depression to the burgeoning movement for equal rights and new opportunities for women Laura Moriarty's *The Chaperone* illustrates how rapidly everything from fashion and hemlines to values and attitudes was changing at this time and what a vast difference it all made for Louise Brooks Cora Carlisle and others like them [The Rest of Her Life](#) Laura Moriarty, 2013-12-31 A mother can't protect her daughter from everything She killed someone Leigh thought She might think this from now on every time she saw her daughter She would hide it but it would be there in her mind It would be in everyone's mind When Leigh was growing up she had always known she would be a mother and not just any mother but a good one She would be the kind of mother a daughter could come to for advice or understanding She'd had it all planned out Then one summer's day when driving home from school eighteen year old Kara Churchill tragically knocks down a classmate and kills her The accident shatters the already fragile relationship that she and her mother Leigh share testing it to the very limit As the Churchills try and come to terms with the devastation of what has happened under the judgmental eye of the small town Hazelton community Kara begins to face up to the terrifying reality that she has killed someone But will Leigh be able to protect her fiercely independent daughter or will the damage prove to be too far reaching *The Rest of Her Life* is the story of a family plunged into a crisis that will irrevocably change their lives forever It's about the true nature of mother daughter relationships and about how far you would go to protect everything you hold dear **Current Issues in Victimology Research** Laura J. Moriarty, Robert A. Jerin, 2007 Research on crime victims issues is a relatively new phenomenon in the criminal justice field With the birth of victimology in the late 1940s and early 1950s research focused on victim offender relationships and victim culpability It has only been in the last few decades that researchers have both studied the effects of crime upon the victim and analyzed the services provided to the crime victim In *Current Issues in Victimology Research* Moriarty and Jerin provide an understanding of the criminal act's impact upon individuals and society through recent research The book provides the criminal justice field with a foundation for grasping the complexities of crime victimization *Current Issues in Victimology Research* serves well as a textbook for a victimology course or as a companion to any traditional text book This new edition features the works of noted scholars and practitioners in the field who summarize the existing literature on victimology and its sub areas Many of the chapters represent topical areas not covered in other

volumes and the original research contained in the chapters has not been published elsewhere Moreover each chapter represents a thorough comprehensive and up to date view of its subject matter The eighteen chapters address current issues in victimology research including victim services victim perceptions of crime severity effectiveness of batterer intervention programs the intimidated witness hate crimes adolescent victimization elder abuse youth internet victimization child fatality campus crime female stalkers missing persons and media responses repeat victimization curriculum development for victim assistance academies truancy corrections based restorative justice programs
