Short Story Index, 1989 *The Gothic Worlds of Peter Straub* John C. Tibbetts, 2016-08-29 Horror novelist Peter Straub creates highly personalized fiction with an allusiveness and ambiguity that deny the genre's explicit nature For him the Gothic style is to be created and recreated in a changing world Faustian pacts buried secrets haunted places ghosts vampires and succubi take on strange new shapes and effects Stephen King describes Straub's style as a synthesis of horror and beauty Drawing on interviews with Straub and featuring an exclusive interview with King this study explores the work of the author who has been called a writer of rare wit and intelligence in a field beset with cynical potboilers Douglas E Winter Washington Post October 14 1984 **A Careful Longing** Aaron Santesso, 2006-10 This book examines the emergence of a new genre during the eighteenth century the nostalgia poem This genre is best understood by reconceiving the premises of nostalgia itself examining it as first and foremost a mode of idealization rather than a longing for the past From the poems that make up this genre we have derived many of our modern ideas and images of nostalgia In tracing the history of the nostalgia poem this book also traces a pattern of tropic change in which a new genre is built around tropes extracted from the dying genres This new genre then begins producing its own tropes in the case of the nostalgia poem these include idealized school days and ruined villages As these tropes become overly familiar the nostalgia poem genre itself begins to fall apart This book reevaluates poems ranging from Dryden's Hastings elegy to Crabbe's *The Village* showing how works as

varied as Gray's Eton College Ode Macpherson's forged epics and Goldsmith's *The Deserted Village* are all part of a doomed literary experiment an experiment that has nevertheless determined the course of modern nostalgic thought
